Oakwood Knolls - Whose Problem ???

Frank Warren, who is the President of the Oakwood Knolls Association, came to the first Village Board meeting with an important question on his mind. It seems that the Oakwood Knolls Sub-division has a problem and they have asked the Village for some help.

In 1953 the sub-division built a Channel that runs through the property. There is a road going over the Channel that runs into Cross Lake and there is a lagoon where the boats are harbored.

Mr. Warren said, "Right now this lagoon is a cess pool and the water is standing still. We (The Oakwood Knolls Association) had a very successful dance and were able to raise \$800. We have had estimates and it will cost us \$1,000 to have it dredged. We would like some help to further our cause."

Jim Quedenfeld, a resident of the Village of Antioch, voiced a complaint saying he did not feel that this is a Village problem.

He said, "Why should our tax dollars go up there to take care of their problems, when we cannot even use the Channel?"

Frank Warren replied, "900 citizens of Antioch use this Channel and how many people are there in Antioch? There are easements on this Channel that everybody uses. This is not an exclusive Channel used solely by the Oakwood Knolls Association to which some 309 homes belong), but rather it is used by

all Oakwood Knolls residents, who are all taxpayers in the Village. We maintain and take care of it, why shouldn't we use it? The water is not moving and it is in trouble and it is also in the Village. Something has to be done...we have been dredging it by hand for the past seven years. We are asking the

Village for some help - not to pick up the tab!!"

The problem was turned over to a Village Committee and further investigation of the problem will be made.

In conclusion to this discussion Trustee, Bill Seemann, said, "I think it is really about time that we stop thinking

about individual areas and people in Antioch, but rather of Antioch as a whole community. What is good for a part of Antioch should be good for the whole of Antioch. If we all pitch in, we can make Antioch a bright place to live, but we have to work together."

Seemann gained a round of applause for his suggestion.

Wilton Begins Four Years Work

Robert Wilton was sworn in as Mayor of the Village of Antioch by Village Clerk, Marilyn Sterbenz, at the Village Board meeting on Monday night.

Mayor Wilton said, "There is much work to do. Our problems can be solved as long as we are aware of them and take some positive action."

Wilton also stated he plans to take some positive steps toward adequate flood and mosquito control - to apply for State and Federal funds as soon as they become available - to secure adequate off-street parking - improved village garbage pick-up - and industrial development.

Appointments were announced and were approved by the Village Board. Twenty-two standing Committees were announced. This included a new Committee that will be titled the Community Service Committee.

The Committee will be headed by Mike Haley and will consist of Trustees Bill See-

mann and Marge Nelson. The purpose of the Committee is to better communication between the Village Board and various Village groups such as the Chamber of Commerce, the Little League, etc.

The Planning Commission was also appointed and approved of. Robert Bemis will once again serve as Chairman. Members of the Commission are: Lou Simon, William Brook, Les Zitkus, Bruce Jablonski, Forrest Stahmer, Ron Marten, Frank Warren, Don Amundsen and Ken Wierschem. The first five members listed are previous members of the Commission. Mayor Wilton commented that prior to this time one Village Board member and the Mayor served on the Commission, however this procedure is being changed so that more interested citizens can be active on the Commission.

The Zoning Board of Appeals was not announced at Monday's meeting.

Tod Maplethorpe was officially approved as Fire Chief after the Department elected him unanimously this month.

The firm of Pollard and Wheeler of Rockford, Illinois was selected to perform the audit this year for the sum of \$985. This was not the lowest bid, but it was felt that since they were the firm that conducted the audit last year, they could best do it this year.

It was also announced that Committee reports and discussions will be held preceding the regular Village Board meeting. They will begin at 7:00 p.m. in the Village Hall and anyone who is interested is invited to attend.

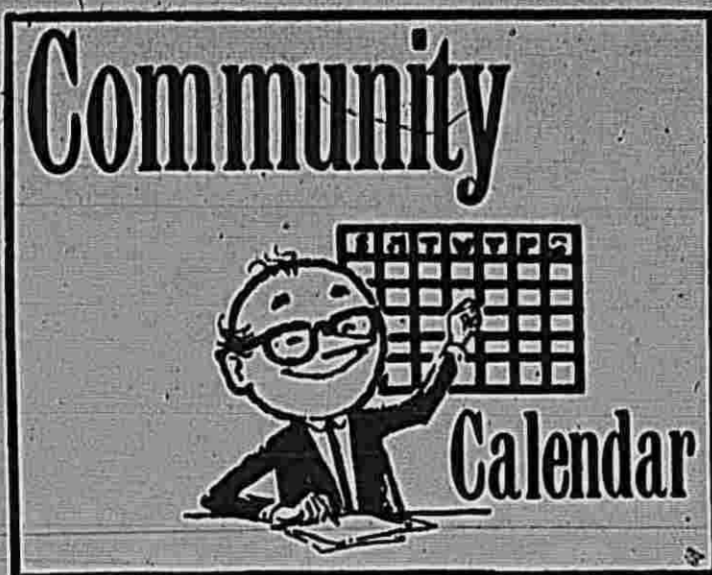

Village Appointments

Attorney - Rhode & Lynch
Treasurer - Shirley Gutowski
Collector - Marilyn Sterbenz
Village Engineer - Applied Eng.
Chief of Police - John J. Wells
Supt. of Public Works - Charles Maplethorpe
Building, Plumbing Heating & Electrical Inspector - Walt Delaney
Health Officer - Dr. James Kopriva
Civil Defense - Edward Frazier
Juvenile Officer - Charles Miller

Mayor Robert Wilton began his work at the Monday night Village Board meeting. Village Clerk, Marilyn Sterbenz, swore the new mayor into office. At the Mayor's left is Mr. Lynch, who together with his partner, Mr. Rhode, will serve as Village Attorneys. (Staff Photo)

Estimated loss.....	\$ 1,800.00	
Total estimated value of property saved.....	\$24,900.00	

**ANTIOCH
UPPER GRADE
SCHOOL
SUFFERS LOSS**

The Antioch Upper Grade School lost one of their most valuable assets last weekend as Mr. Lorin Volk passed away after suffering a fatal heart-attack.

Mr. Volk had taught at the school for the last 15 years. He was primarily responsible for the Social Studies program. However, before the Upper Grade School came into existence he had taught the full round of 8th grade subjects. Mr. Volk was well respected and loved by his students. Many of his past students kept in contact with him and valued his suggestions and opinions.

Mr. Volk received his B.A. degree in 1962 from Lake Forest College, in Lake Forest, Illinois, majoring in Political Science.

A resident of Libertyville, Mr. Volk is survived by his wife Helen.

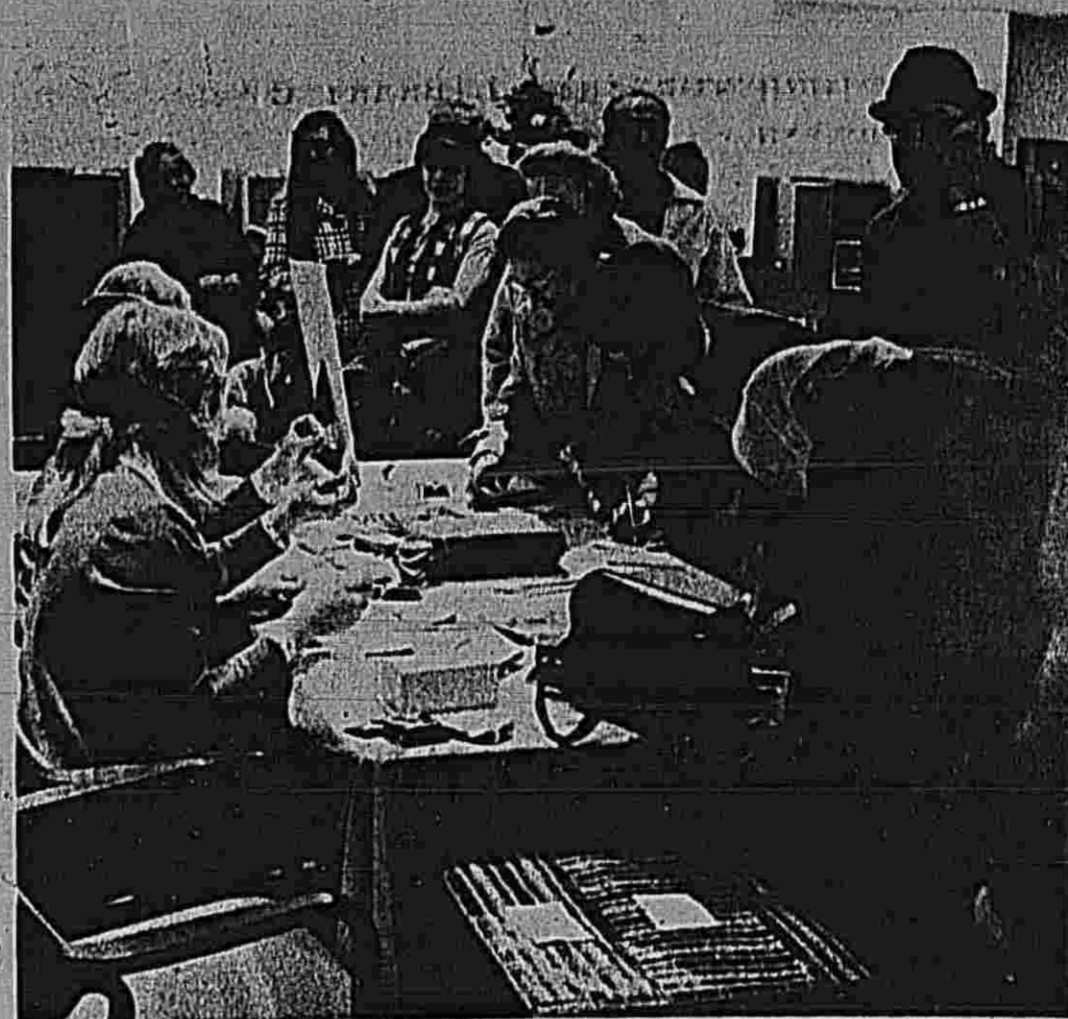

**INTERESTED
IN
MOSQUITOS??**

If mosquitos bugged you last summer then this is the time to do something about it. A special Mosquito Control Committee meeting will be held at the Village Hall on Friday, May 11th at 7:00 p.m. A film will be shown pertaining to methods of mosquito abatement.

And as Village Trustee, Marge Nelson said at last Monday night's Village Board meeting, "If you care about martins then this is the time for discussion.

**TRITON
DEVELOPMENT
AND SEQUOIT
TERRACE TO
BE STUDIED**

There will be a Village Board Meeting tonight at 7:00 p.m. in the Village Hall. The meeting is a continuation of the regular meeting that was held on Monday, May 7th. A presentation will be made by the Village Engineer, Frank Angelotti concerning the Storm Sewers connected with the Triton Development. There will also be some discussion concerning the Sequoit Terrace Subdivision.

Over a thousand people signed up for the Open House Grand Prizes at the State Bank of Antioch last Wednesday. 1st Place Winners were Ken and Diane Schultz, of 433 Orchard Street, who won a trip for two to either France or Spain. Tom Homan won the RCA Color TV, Dennis Volling won the Charmglow Grill and Shannon Sherwood won giant Henry. (Staff Photo)

**FULL CALENDAR AT
UPPER GRADE SCHOOL**

The end of another school year is rapidly rounding the corner and the remaining days at Antioch Upper Grade School are certainly well planned.

From 6 p.m. to 10 p.m. on May 24, 1973, in the Antioch Upper Grade School Cafeteria, the APT (Apache Parents and Teachers) Club will sponsor a dinner for all graduating 8th graders.

The following day, May 25, the eighth graders will enjoy a picnic from 11:00 a.m. to 2 p.m. at the Fox River Park in Wisconsin.

All School "Play Days" are scheduled to begin on Wednesday, May 30. One day has been designated as play day for each class. During this time the classes will engage in a softball tournament for the boys and a volleyball tournament for the

girls. This is the first time that "Play Days" have been celebrated at the Grade School and ribbons will be awarded to winning teams.

Eighth Grade Graduation will take place on May 31st at 8:00 p.m. in the Antioch Upper Grade School gym. Glen Amundsen, who is a senior at Antioch High School and also president of the Student Council, will be the guest speaker to address the graduates. Glen is also a former graduate of the Antioch grade school system. His sister Sue who is in the 1973 graduating class will undoubtedly be smiling proudly. Both Glen and Sue are the children of Geraldine and Don Amundsen of First Street in Antioch. The Amundsens have another son, Carl, who is in the third grade.

TO MOTHERS EVERYWHERE

Sunday, May 13, is once again a day that we know as Mother's Day. It is a day that we set aside to say "thank you" and "we love you" to our mothers.

Mother's have a special and important role in our society as well as in our everyday lives. The following poem seems to sum up the very person of a mother....

"A mother is a family's joy
And greatest Blessing too.....
She's unselfishness combined with Faith
That lasts a lifetime through.....
She's authority and justice...
With a twinkle in her eyes
And patience as unending
As the cookies she supplies....
She is sunshine on a stormy day
Comfort through the darkest night
And confident that, given time,
Things always work out right....
A mother's understanding
With a sweet and gentle face
But mostly she's warmth and love
That makes home a happy place !

Thank God that we have been blessed with something as wonderful as the phenomenon of mothers. Where would we all be without them?

Be sure to Remember
MAMA

ENTIRE 13th CONGRESSIONAL DISTRICT IN DISASTER AREA

The Office of Emergency Preparedness and the Small Business Administration have assured Congressman Robert McClory that all three counties in the 13th Congressional District - Kane, Lake and McHenry - have been designated as major disaster areas as a result of the recent heavy storms.

McClory explained that property owners who have suffered damage as a result of the storms are eligible for grants of up to \$5,000 for repairs to their property, and one percent interest loans for amounts above \$5,000.

According to the Small Business Administration, damage caused by flooding, high winds, and lake storms beginning on or about March 1 would be covered. The closing date for filing applications for loans and grants is June 27.

Congressman McClory advises that applications for disaster assistance may be obtained from the Small Business Administration office in Chicago either in person or by telephone. The Chicago office is located at 219 South Dearborn Street, and the telephone number in Chicago is 353-4585.

Questions regarding disaster relief assistance can also be directed to your community Civil Defense Officials, Lake County Civil Defense Office at 438-8060 in Lake Zurich, or the Region II, Mutual Aid Coordinator's Office at (312) 653-4929 in Wheaton.

"CARE" FOR MOTHER

Mother's Day 13, will soon be here. But how will this special day be remembered? The world over, motherhood means love and care for children. yet, how sad it is when a mother cannot give her child even the basic necessity of food. This tragedy is faced by millions of mothers overseas. Just as mothers show their love and care, CARE offers a unique way to spread love and care to those who are less fortunate. A gift of life will afford an opportunity for a child to go to school, feed a starving family, or provide health services for a community.

Warren H. Ritzma, director of

the Chicago CARE office, stresses the importance of the Mother's Day Gift Plan as a means to serve mankind. A gift to care in honor of a mother will provide food, self-help, and health services in developing nations throughout the world. CARE in turn will provide an attractive Gift Card, informing her of ones thoughtfulness.

Send a Mother's name and address with a check to CARE Mother's Day, Dept. A, 220 S. State St., Chicago, Illinois 60604. This year celebrate Mother's Day with the joy of having helped mothers and their children overseas.

SBA ACCEPTING APPLICATIONS FOR DISASTER RELIEF FROM FLOOD VICTIMS IN ILLINOIS

ROBERT A. DWYER, Midwest Regional Director of the Small Business Administration, announced today that the SBA will immediately begin operations to accept applications for disaster relief from flood victims throughout Illinois.

Dwyer said plans already have been completed for the establishment of one emergency office, in Rockford, and that others are being contemplated elsewhere in the state.

Dwyer acted immediately after the Office of Emergency Preparedness listed 33 counties being eligible for relief aid under a major Presidential disaster declaration issued Thursday.

The counties listed by OEP are:

Cook, Lake, McHenry, Kane, Adams, Alexander, Brown, Calhoun, Carroll, Cass, Franklin, Fulton, Greene, Hancock, Henderson, Jackson, Jersey, Jo Daviess, Madison, Massac, Mercer, Monroe, Pike, Randolph, Rock Island, Scott, St.

Clair, Union, Whiteside, Winnebago, Boone, Ogle, and Kendall.

The declaration enables home owners and tenants, business people, churches, private schools, and other non-profit organizations in the affected areas to qualify for low-cost, long-term SBA loans to restore or replace damaged property not covered by insurance.

Dwyer said the first emergency office will be established in the National Guard Armory at 65 N. Main Street in Rockford.

"Other emergency offices will be opened just as soon as it is physically possible," Dwyer said.

According to Dwyer, applications for disaster relief also may be made through the SBA's two permanent offices in Illinois - at 219 S. Dearborn Street in Chicago and at 502 E. Monroe Street in Springfield.

The SBA phone number in Chicago is 312-353-4521, that in Springfield 217-525-4416.

Letters to the Editor on any current issues are welcome. Only letters with names can be considered for this column. Signatures will be withheld on request. Letters cannot be returned and are subject to minor editing.

NOTICE

At the April 29, 1973 meeting of the Antioch Township Library Board, vote was taken to continue to hold Board meetings on the last Tuesday of the month at 3 p.m. in the social room of the library.

WHERE THERE IS A WILL, THERE IS A WAY

When the High School referendum failed a year ago, many extra curricular activities were cut. The yearbook was one of the activities that found itself on the "canceled due to lack of funds" list.

The students were not overly happy about this cut and decided to do something about it. Their main objective was to re-instate the yearbook on their own, realizing it would have to be in a somewhat altered form.

Seniors, Sandi Stewart and Kim Shkapich were picked as tentative editors before the cut came and they were not about to give up. Mr. Joseph Rush of B-J Rush Studios in Antioch and owner of The Antioch News was contacted and he happily volunteered to help the students. Mr. Rush taught in the high school for 13 years, before he elected to go into business for himself. So he had a pretty good idea how much a yearbook meant to these students.

It was agreed upon by Mr. Rush and the students that this substitute for the regular yearbook would be smaller and mainly centered around the seniors. Six seniors, including Pat Runyard, Kirk Moran, Linda Lagerstrom, Bill Fries, Kim Shkapich and Sandi Stewart, have been working two nights a week on the project. Since October they have been working under the guidance of Barb and Joe Rush

at their home on Cheri Lane.

The STATEMENT which is the title of the book will begin with Homecoming and carry on through graduation. The only thing lacking in the Statement will be summer registration pictures and pictures of the first day of school.

The Statement is scheduled to be mailed out to the students during the latter part of June. According to Sandi Stewart, the students have decided to hold the publishing of the Statement back until after graduation.

Sandi said, "We really think it is important that we include graduation pictures. And this will be one of the four color pictures, featured in the Statement. The Statement will cost \$4.00 per copy and orders are being taken at the school or may be mailed directly to B-J Rush Studio, 141 Cheri Lane, Antioch. In previous years the students sold advertising to local businessmen and merchants to help defray the cost of the yearbook. Since this year the number of pages is limited - and the students want as much school information in the Statement as possible, they have tried another approach. A number of prominent, interested businessmen have been contacted requesting help to defray the cost by becoming a patron. Rather than display advertising the Statement will

Kathy Toft happily hands over her name and \$4.00 for this year's "Statement". Linda Lagerstrom, Sandi Stewart, Kim Skapich, Bill Fries and Pat Runyard have been taking orders this past week for "The Statement". Order forms may be obtained through the school office or simple send a check with your name and address to B-J Rush Studio, 141 Cheri Lane, Antioch. The books will be mailed late in June following graduation. (Staff Photo)

have a Patron page. If anyone is interested, and has not been contacted, in becoming a patron, please feel free to make yourself known. The Statement cost is only \$4.00 and anyone may order them. Books will not be sold without advance ordering.

Even though the Statement is

centered around the graduating seniors it is hoped the underclassmen will also be interested in placing their orders.

It is not known at this time whether or not a yearbook will be reinstated next year. Whatever happens in the future the six seniors who are putting so much time into the Statement

will have the satisfaction of knowing they were instrumental in continuing a record of their school years for one more year. And of course they will have an even more tangible form of satisfaction, found in the memories of the pictures of their four years in high school.

Bill Fries and Sandi Stewart are busy pasting and "laying up" the first few pages of "The Statement." Now the long hours of preparation are taking form with the knowledge that the end result will be a success. (Staff Photo)

Kirk Moran and Linda Lagerstrom are checking to see that the lines are straight and the pictures match the red squares. The young people have been working since October nearly two nights a week on "The Statement". (Staff Photo)

PLANNING COMMISSION RECEIVES REPORT

Many interesting facts were brought to the surface on Thursday night, April 26, 1975 at the Planning Commission meeting. The Commission received a personal report from the Lake County Regional Planning Commission on the progress of the Comprehensive plans they have been compiling.

William Brook was appointed Chairman Pro-tem of the meeting, as Robert Bemis, the regular chairman, was unable to attend. Three members of the Commission were also missing.

Joe Hertlein and Cranston Byrd of the Lake County Regional Planning Commission presented the remaining five members with various maps that were completed as part of the Comprehensive plans.

The maps included: a base map which showed such details as water bodies, streams, major roads, railroads and the stateline; a village limits map featuring Antioch in dark gray and a circumference of 1½ miles around the limits; and a soils map, indicating each individual soil type. The dark areas on the soils map represent swamp areas or very wet soil not recommended for building. The white areas are rated as very good in terms of building foundations. Similar interpretations were also presented for septic systems. A great contrast could be seen on this map between Illinois and the Wisconsin border. Wisconsin is almost entirely black, where Illinois has been rated in both white and black. (Again the black areas represent severe area for septic systems and the white areas represent good areas or moderately good areas.)

Hertlein commented that there must be some reason for the discrepancy between the states on their ratings. He said the two states could hardly differ so much and evidently Wisconsin has a different standard for their ratings. He told the Committee he would investigate the matter further and report back to them.

A map was also presented representing the Flood Plains areas. This information is based on the U.S. Geographical Surveys. This map will not only be useful in determining future land use, but will also be used to substantiate the Flood Plain Ordinance.

Hertlein told the Commission he did not have the reports completed in four or five other areas, but he said the work had already been started and these

reports should be completed by this time next month. Priority will be given to drawing up the Existing Land Use Map, which is the last of the difficult, time-consuming, maps that have to be completed.

"I am trying to make as much progress as I can", Hertlein said. "At this point we have worked out a lot of our bugs and are ready to really go on the project. There are two main facts allowing us to do this. First of all, Phase I of the Lake County Comprehensive Plan has been completed and secondly, Phase 2 has been delayed."

Hertlein did supply the Commission with some comments and information on the facts that were compiled in relation to the Population survey.

Lake County has consistently grown faster than the rest of Illinois. Antioch has grown by a greater percentage than Illinois or the Chicago area. Between 1960-70 growth in Antioch increased by 40 percent. In Lake County it increased by 30 percent. In Chicago it increased by 11 percent and by 10 percent in the State of Illinois. This same trend can be seen in growth patterns between 1950-60. During that time span Antioch's population increased by 73 percent, which was a higher percentage than the township or the County.

Data on the Age Distribution in Antioch showed Antioch has a greater percentage of old people than the County or the State. (Hertlein commented that on this basis we would recommend facilities be provided in proportion to the statistics. He said this might even mean providing a bus system, etc.)

A decline in the age distribution of those under 5 years has been cited. However, there is a large percentage of children between the ages of 5-9 and 10-14.

(On the basis of this information, Hertlein commented the schools may not have to expand as much as they expect if they could handle the squeeze for the next 3-4 years.)

In 1970 the population of Lake County registered at 382,000. The Northern Illinois Planning Commission (NIPC), which has been pretty close in the past, has projected that by 1995 this figure will jump to 800,000.

In 1970 Antioch Township had a total population of 11,039.

They predict that by 1995 this will be increased to 18,500. (The Lake County Regional Planning Commission predicts that 19,000 would be a closer figure.)

The marital status reports show that 66 percent of those 14 years or older in the Village are married. In the township this figure is 67 percent and in the County it is 61 percent.

The Village of Antioch is ahead of other areas in the number of units lacking proper plumbing facilities. Antioch has less than 1 percent of these units. The township has 4.2 percent and the County has 3 percent.

The average home in Antioch is valued between \$15,000 and \$35,000. In 600 homes surveyed only 2 of them were less than \$5,000 and only 13 were less than \$10,000.

The medium family income in the Village of Antioch is \$11,060. In Lindenhurst it is \$12,886. In Lake County it is \$13,009 and in

Antioch Township \$9,511.

The statistics of those below the poverty level are as follows: 5.6 percent in the Antioch Township; 6.2 percent in the Village of Antioch; 4.2 percent in the County.

"The Antioch poverty rate is higher than it should be and we should begin to think about ways to bring it down" Hertlein commented.

The percentages of those earning over \$15,000 are as follows: In the Village of Antioch 27.8 percent of the people fall into this category. In the Township 23.5 percent do and in the County 38 percent of the people do.

In the area of Education,

SEQUOIT AUXILIARY V.F.W. TO HOLD INSTALLATION

On May 16th at 8 p.m. the Sequoit Auxiliary V.F.W. will hold its installation of officers for 1973-74. Shirley White past

average residents of the Village of Antioch have 12.1 years of education and in the County they have 12.5 years of education.

75 percent of the population of Antioch are native to Illinois. 80 percent of the population in the Village of Antioch drive a car to get to work. 70 percent of these people drive alone and 10 percent drive with a passenger. 14 percent walk to work and 1 percent work at home.

This information originates from the U.S. census of 1970 and will be incorporated into a report that will be part of the Comprehensive Plan.

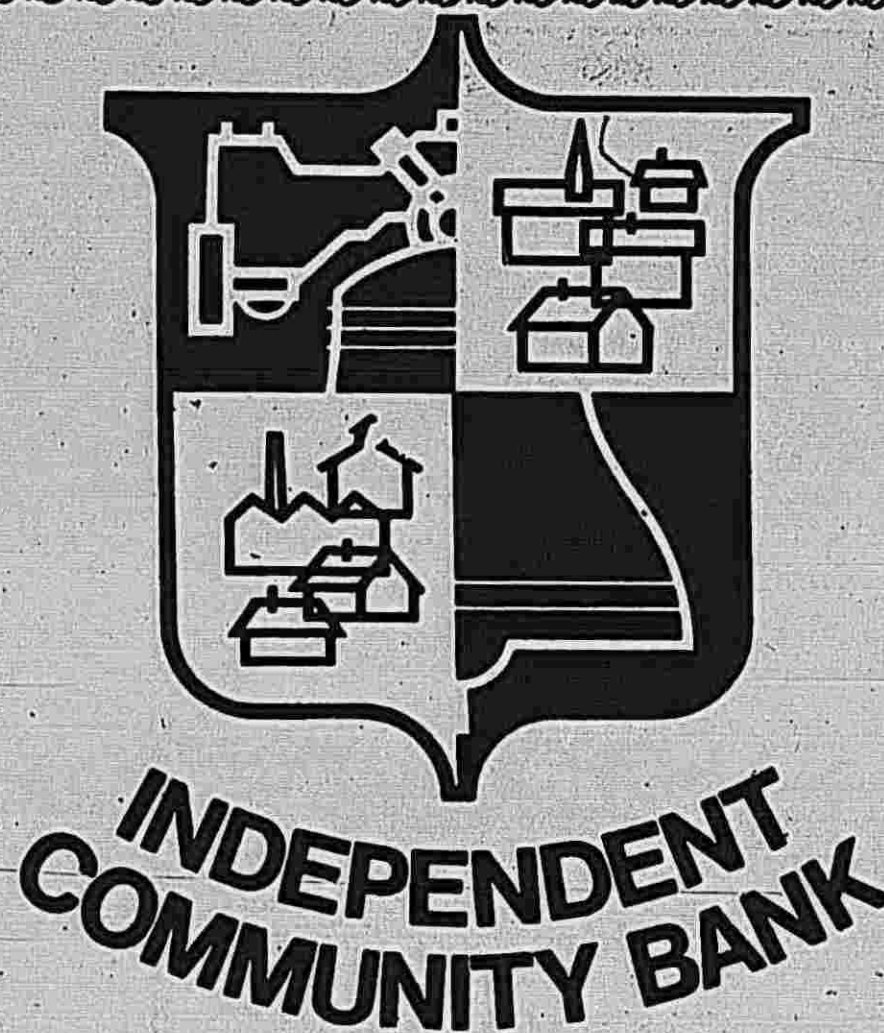

president of the Sequoit Auxiliary will be the installing officer. She will install the following officers: President Ida Wysoglad, Ellen Flint, Sr. Vice President; Myra Randall, Jr. Vice President; Ann Gialds, Chaplain; Florence Morin, Guard; Shirley White, Conductress; Olive Hallwas, Secretary; Lillian Burnette, Treasurer; and Laura Swanson, 3 year trustee.

Refreshments will be served and a social hour will be held. Poppy sale chairman, Laura Swanson will give the poppy schedule as to time and place at the next regular meeting of the Auxiliary on May 14th at 8 p.m. Buddy Poppy Day will be May 18th and 19th.

woman's club donates to rescue squad

Mrs. Fern Watson, new president of the Antioch Woman's Club, looks on as Jim Fields, representing the Antioch Rescue Squad, gratefully accepts a check for \$1,127.73 from Mrs. Anthony Stanich. The money will go into the Life Pack Equipment Fund. The Woman's Club can be very proud to have contributed so generously to the Community of Antioch and its residents. (Staff Photo)

We're Your Independent Community Bank...

You can't build a town without a bank—thousands of American communities have been built with the aid of a local bank, owned by the people of their town, dedicated to that town, and committed to its betterment. That's how we grew.

And that's what we're all about today—dedicated to serving our town, dedicated to a better way of life for our friends and our neighbors, to offering the best in banking service—a bank which is a part of you and your community. Let us know what your banking needs are . . . you're an important part of us.

20 YEARS AGO, MAY 7, 1953

Representatives of the Antioch Chamber of Commerce and Lions Club appeared at the village board meeting seeking approval of a plan to establish a syree at the rear of stores on the east side of Main Street from Park Avenue to Depot Street. Charles Cermak, Jr., George Borovicka, and Mrs. Marion Pechousek represented the Chamber and Irving Carey represented the Lions Club.

Officers for the coming year of the Antioch Woman's Club were installed: Mrs. Louis Biel, president; Mrs. W. Brooke, vice-president; Mr. Eina Petersen, recording secretary; Mrs. Ed Jacobs, corresponding secretary; Mrs. Irving Breakstone, treasurer.

10 YEARS AGO, MAY 9, 1963

William Brooke of the State Bank of Antioch was elected president of the Lake County Bankers Federation. Twenty-two Lake County Banks belong to the 60 year old organization.

The first tenants in the Antioch Savings & Loan Plaza, was Arnold's Barber Shop. The shop officially opened May 6th, with Jerry Staffon, Rod White, and Arnold Schulmeister as barbers.

UNITED STATES POST OFFICE

That the Antioch Post Office has the "informed understanding, cooperation, and support" of local citizens and postal employees was borne out by the attention given the post office during "Postal Week," Postmaster Walter Barnas said today.

Postmaster Barnas issued a hearty thanks to the entire city for the manner in which the public joined in the ceremonies.

He said the ten new Postal People stamps placed on sale in conjunction with Postal Week were selling at a brisk rate. The attractive new stamps—the first such comprehensive set specifically honoring postal people—went on sale Monday, April 30.

"Postal Week" opened on Sunday, April 29, and continued through Saturday, May 5.

Postmaster General E. T. Klassen said prior to the observance that "Postal Week" is an appropriate occasion for recognition of the vital responsibilities assigned to the mail service and a valid time to take stock of the challenges which must be jointly met by postal people and by the millions of citizens throughout America who depend upon the mail as an essential part of their personal and business lives."

Postmaster Barnas said he believed these challenges are being met locally by citizens and postal employees alike.

REMEMBER WHEN

REMEMBER WHEN? We don't; but we know that all it takes sometimes is a little reminder to jerk a memory and bring back recollections of those days gone by. Each week we print an old photo submitted by an Antioch resident. Some we will be able to identify. For others, we leave it to you to search your own mental scrapbook. Call us if you can identify a photo. Better yet, if you have a memorable photo to share, bring it in to the office.

Along the Way with

Annie Mae

Don't forget this week is Clean-Up Week and the Village will be picking up every day. Now's your chance to ditch that old couch in the basement.

"Dancing in the Moonlight," theme for this year's Junior prom was carried out with a beautifully decorated gym, complete with swing and gazebo. Congratulations to all the attendants, and especially to Queen Marcia Doolittle and King Mark Andrews.

Congrats this week go to Deacon Greg of St. Peters, as he becomes ordained on May 9 at St. Mary of the Lake Seminary in Mundelein. He will celebrate his first Mass on May 13 at 12 Noon in St. Peters church.

A special congratulations to Mr. Vavra and his Sue on their wedding Friday, May 4, 1973. This comes from Lori Jo.

25th wedding anniversary wishes go to "Mr. Wonderful" (and his wife) Steve and Beverly Rzyso of Channel Lake on Tuesday, May 8. Mary and Bill Carney celebrate one more happy year on May 13 as do Bernie and Shirley Gutowski on May 14. Marilyn and Al Roth add one more anniversary candle on May 10.

May 20th at 1 p.m. will be the opening game of the Antioch Little League season.

Jerry Haley's wife, Rumiko just arrived here from Japan last Wednesday to make her new home with her husband. They will be living at Joanna Ct.

Many lovely hostesses escorted hundreds of people around the State Bank last Wednesday. Congrats to the winners of the trip to Spain - Ken and Diane Shultz.

May 11 and 12 is the final week for the PM & L Play - "Charlie Brown". Don't forget to call in your reservation.

RHODODENRON SHOW AT BOTANIC GARDEN

On Sunday, May 13, the Midwest Chapter of the American Rhododendron Society will have a display of Rhododendron flowers at the Botanic Garden of the Chicago Horticultural Society, Edens Expressway between Dundee and Lake Cook Roads, from 1:00 p.m. to 4:00 p.m.

The rapidly increasing interest in Rhododendrons and Azaleas for the Chicago area has been largely stimulated by this small but energetic chapter. Their show will display rhododendron flowers from species and varieties that can successfully be grown in this area.

Roman Vos will celebrate his 75th birthday on Mothers Day, May 13 with an open house from 1 to 4 p.m.

Jim Harvey was thoroughly surprised Saturday night. His wife Pat surprised him with a birthday party. The house was full of his friends and relatives cheering him on to one more year. Can't wait to see you in your "Santa" outfit next Christmas, Jim!

Joe Rush just returned from a two day photo seminar in Bloomington. It was a good chance to keep current in what's new with photography.

Happy May 10 birthdays to Pat Lorenz and Sue Haley.

Birthday wishes this week go to Sue Forbrick and Ed Jahneke, Jr. and Virginia Howard on May

10; to Charles Jenkins, Jr. who will be 3 years old, to Jack Harrison on the 11th; to Nancy Traves and Arlene Cramer on the 14th.

Happy Mothers Day!

Annie Mae

TO CELEBRATE FIRST MASS

Father Gregory Stanley Pokladowski, son of Mr. and Mrs. Stanley Pokladowski of Morton Grove, was born February 20, 1948 in Chicago. He attended Locke elementary and St. William Schools and Archdiocesan Seminaries. He holds a bachelor's degree in philosophy and a master's degree in divinity.

Deacon Greg, as all his fellow firemen call him, has actively served on the volunteer fire department here in Antioch since he came to St. Peter's last July.

After his ordination, May 9, Father Greg will be assigned to St. Simeon's Church in Bellwood. He will sadly miss the many friends and fellow-firemen he has gotten to know these past months.

Father Greg will celebrate his

Father Greg

first mass on May 13, at 12 in St. Peters Church. A reception will follow in the Blue Room of St. Peters school. All are invited to attend.

SAND BAG TIME

The Antioch Township has stored away their snow-plows and have now taken to passing out sand bags. According to Supervisor, Lloyd "Red" Murrie, the sand bags have really been in big demand. Last week alone several thousand bags were distributed. The bags have been used to shore up roads and individual properties against the high water. The water has gone down several inches however, despite the heavy falling rains.

If you are in need of sand bags contact Blaine Ring, who is the Road Commissioner. The bags are available at the Township Garage, which is located in the Industrial Park.

The sand bags are free, although they do not come equipped with sand. You may find yourself visiting the gravel pit in order to make the sand bags complete.

BOOK FINES CAN BE ROUGH

LAW AND ORDER IN ALABAMA: According to a recent UPI story, the City Commission of Montgomery, Alabama has set a fine of \$50.00 or 30 days in jail for people who keep out their overdue books after receiving two notices and phone calls to warn them.

The notice above may send out a few chuckles but seriously - the books in our

libraries are valuable in many ways. Many books are out of print and can't be replaced. The books should be available for all patrons to use. Libraries don't distinguish between income - they are a privilege for all walks of life and young and old as well.

A book is worth nothing stuck away in a corner and forgotten. Don't force our area to have to make such stringent fines in

order to force people to return their library books. Take them out, read them, enjoy them, and then return for others to reap their benefits.

The Antioch Library has a 5 cent a day fine for each book overdue. One week books cannot be renewed and two week books may be renewed once. This may be done either by coming into the library or phoning 395-0874 to renew the book.

THE PASTEL PORTRAIT....

Of all media, Pastels are best for portrait studies, possibly because of the ease of shading and blending many colors into each other and the soft transition from one color to another which is very much like skin tones. Except for blemishes, skin tones change softly from reds to yellows, to grays, to browns. Skin reflects colors, as under the chin from the color of a collar. Skin has highlights, which even on the darkest skin can show as pure white. Skin is transparent, which allows colors to show through, like the veins show blue through the skin tones on the back of the hand. These are all soft, pastel-like colors which you can readily observe on your own hand.

To begin the pastel portrait, sketch the outline of the head and the features in any light appropriate color. A good basic flesh tone is then put in, rubbed slightly into the surface of the paper. That could be yellow ochre for caucasian, to a dark umber for negro. Then highlights and shadows are added and blended in. At this point not too much concern should be taken as to details, such as wrinkles, and minute color variations. The rest of the portrait, that is, the hair, the clothes, and the background, is given the basic three shades, local color, highlights and shadows. This first coloring is rubbed into the surface of the paper so as to fill in the pores of the paper, and any color you add now is effected by the colors surrounding it and can be blended in or laid on top sharply whichever is desired.

Observe your subjects coloring closely. Notice that the red tones are most likely to be confined to cheeks, tip of nose, chin, lips and ears. Yellowish areas are between those areas and grays are only found under

the eyes. Avoid these gray areas on childrens faces. If you use very warm shadow colors have your highlights cooler tones, or just the opposite, that is, cool shadows and warm (yellowish) highlights. As you put on more color, rubbing in, to blend well with the basis under-color, develop the contours, and wrinkles in the face and neck by adding more highlights and shadows. Do not be afraid to put in the full range of values on the flesh, for even the fairest skin can have very dark areas, under the chin, at the hair-line, under the nose, on the shadow side of the nose, etc. And the darkest skin can glisten with very light highlights, on the tip of the nose, the highest part of the cheeks and the forehead.

When doing the eyes, the white of the eyeball must be tinted with grays, sometimes some blue, or even red added, and shaded to show the roundness of the spherical shape as well as the shadow caused by the overhang of the eyelid. In order to do good neat eyelashes, you might have to break the pastel to get a razor sharp edge to do these fine lines. A broken white piece of pastel is best for putting in white dot which is the glint in the eye.

Hair is best drawn in with many, many lines going in the direction of the hair strands. These lines are drawn on top of the basic, aforementioned three tones, which were rubbed in. The hair strands are not rubbed in.

Avoid overworking the paper in your pastel work. Work with clean bright colors which are a bit brighter than the actual flesh colors. This will make your pastel portraits look more alive.

Happy Portraits

Next Week: THE PORTRAIT IN OILS

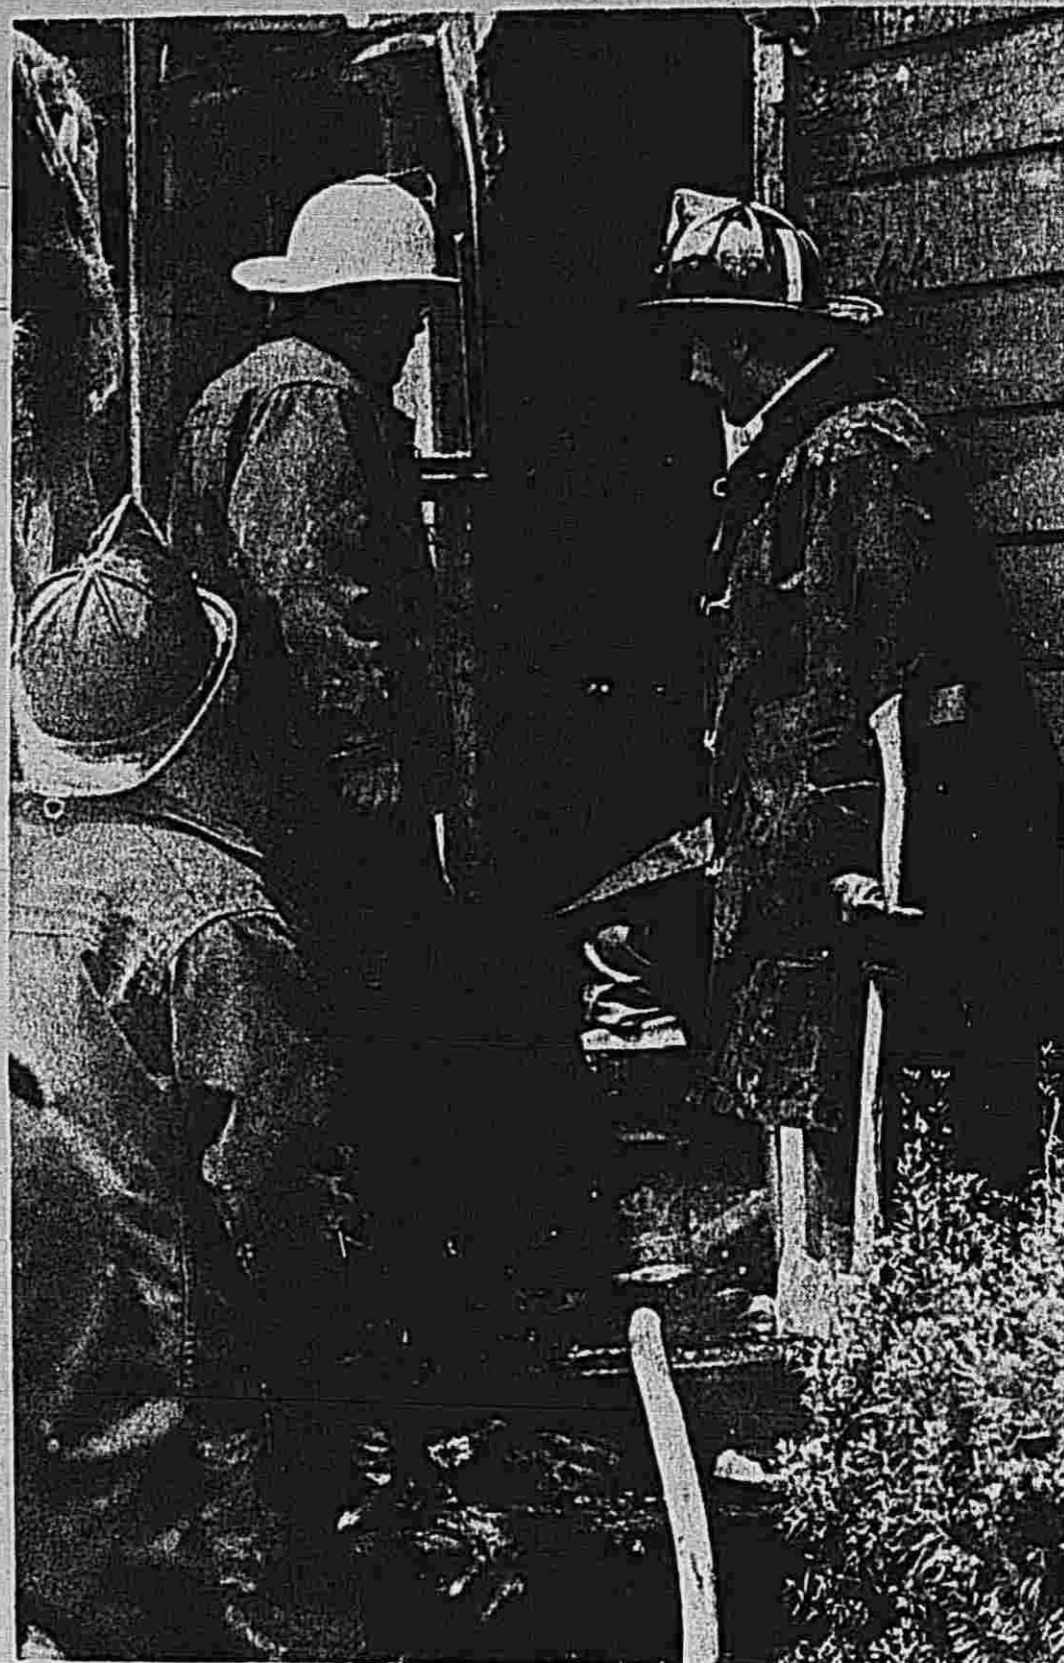

The home of Grant Delph at 44 Grapevine, Channel Lake was struck by fire last weekend. Antioch Firemen fought the fire, which broke out in the kitchen of the house and did approximately \$13,000 damage. In the picture to the right, Assistant Fire Chief Irv Walsh and fireman Ron Vos fight their way into the house. (Top right) when the fire was finally extinguished the firemen searched for the cause of the blaze. (Staff Photo)

FIRE STRIKES TWO AREA HOMES

At 7:41 p.m. on May 3, 1973 a fire was reported on Lake Road in Grass Lake. The fire occurred at the home of Donald Ament and caused approximately \$3,000 damage. The cause of the fire has been deemed as accidental. An amateur photographer was working with open flames when the fire somehow occurred. Injuries were not suffered due to the fire.

A second fire broke out on May 5th at 12:22 p.m. at 44 Grapevine, in Channel Lake.

The house belongs to Grant Delph (his wife Diane is the dispatcher at the Police Department). The house and its contents has been valued at \$30,000, the amount of damage done was estimated at \$13,000. Grant's brother, John Delph, received 1st degree burns on his shoulder and back in the fire. The fire began in the kitchen, however, the cause of the fire cannot be determined.

A MOTHER'S MEMORIES

...her greatest joys!

Mothers are the nicest people... so warm and sweet and giving! So busy being mothers there's little time to enjoy it until children are grown and gone. That's when mothers really appreciate fine professional portraits of children and grandchildren.

LAKESIDE REBEKAH LODGE NO. 82

At the May 2nd meeting of the Lakeside Rebekah Lodge No. 82, held in the Antioch American Legion Home, Mrs. Charles Ferris, Noble Grand, was the presiding officer. Mrs. Walter Buchert and Mrs. Ida Wysoglad were presented with "Go-Getter" pins for obtaining new members. A nice surprise was in store for Mrs. Sophie Radokovic when the women remembered her birthday. Many of the members plan to attend the day long District Three meeting, which will be held in Highland Park, May 9th. Mrs. John Hagen and Mrs. Buchert have been appointed to the registration committee; Mrs. Wayne Jones will be an assistant Inside Guardian; while Mrs. C. Ferris and Mrs. Clarence Larson will be serving on the State of Order committee. Mrs. Larson is also a delegate to this meeting. The Charter was "Draped" for Mrs. Clarence Perkins, who died in Florida a few weeks ago. Mrs. Perkins had joined the White City Rebekah Lodge in 1954, and received her 45 year pin in May 1966. Her 50 year Jewel pin had been ordered for her, but she died before receiving it. The Clarence Perkins had lived in the Lake Villa area for many years.

Colleen DeVries had her confirmation at Antioch's United Methodist Church April 29th. Afterwards, there was a big family dinner party in her honor, held at her parent's, the Bernard DeVries, home. Congratulations, Colleen!

The Ray Rathmann's, Oakwood Knolls, spent a cool, but pleasant weekend camping in their trailer camper in the Kettle Moraine area in Wisconsin. Do any swimming friends? BRrrr!

LAKE COUNTY SALON NO. 191
Lake County Salon No. 191, Illinois Eight and Forty, honor subsidiary of the American Legion Auxiliary, met at the home of Mrs. Herbert Gleason, 175 Peterson Road, Libertyville, May 2nd. Mrs. Ray Suzzi, Highwood, Le Petit Chateau, conducted the meeting, which also had featured a home-made goods bake sale.

Nominations were made for the six elective offices, with the following slate of officers to be

One of the most important offices, if not the most important office in Antioch is located at 822 Main Street. At this address is housed none other than the Antioch Police Department.

Much has been said about the workings of the Village Hall, the Antioch Rescue Squad, the Antioch Fire Department and the Antioch schools. Now, however, it is time to tell about the Antioch Police Department, their activities, their functions and the services that they offer. In an effort to re-acquaint the people of Antioch with their Police Department, Antioch Chief of Police, Jack Wells, has been instrumental in compiling the following information.

●There is a new list of rules and regulations governing the Police Department. There are 32 items on this list, and each member has been issued a list to be retained by them for reference. There is also a signed letter in their personnel jackets verifying that they have read and understand them.

●There are now two officers who are breathalyzer operators, and have been schooled and approved of by the state.

●The Village Board has

WHAT'S INSIDE THE POLICE DEPARTMENT

approved of a raise for the Police Department. This raise is based on a starting figure established by the Village Board. As a man progresses in the length of his service, his raises will be automatic each year. The Village Board also approved of a premium pay for members working the night shifts. The second shifts are awarded 2½ percent of base pay and the third shift 5 percent. This is an incentive type of pay and shifts are awarded by request on the seniority basis.

●There is a set of books governing the Police Benevolent Fund. This group is governed by the Police members through election of its officers.

●There is a job description for each rank on the Police Department outlining their specific duties. Each member has a copy.

●Eight male members are on the force. This includes one meter man. There are four female members, who are dispatchers, for a total of 12 members.

●In the next month two of the new officers will be attending classes at the Evanston Police Academy.

SERVICES OFFERED

●There has been a post number system set up for all business establishments in Antioch. Approximately 230 businesses are now listed under a post number rather than by

their specific names. This has been done so that people with Police Monitors do not pick up that information.

●A gun safety program has been in effect since December, 1972 for interested youth in the Village and surrounding areas. This is done in conjunction with the 4-h program at the Lake County fairgrounds. Certificates are awarded as part of this program.

●Temporary forms are available for lost or stolen plates and driver licenses. This is done so that a person may legally drive after these losses have been reported and checked out.

●There is a form at the Police Department for groups interested in parades. This is approved of by the State as far as closing State routes are concerned. The closing of Village streets can be done by the Village Board.

●In some cases a telephone code system is available upon request. There are several businesses in Antioch that have taken advantage of this service.

●The collection of junked and abandoned cars is enforced through an Ordinance.

●Solicitors are still requested to register with the Police Department. The Supreme Court rules that no fee may be collected for this registration.

●The Police Department has been called upon many times by various schools for safety talks. Available literature has been passed out and schools have been notified by letter that any time that is convenient they will be available for these presentations. The department has also made tours of their facilities available to interested groups, including the boy scouts, girl

scouts, 4-h groups and school groups.

●Many revisions and improvements have been made over the year. They include:

The jail register has been revised and now conforms to the Illinois Department of Corrections.

The Juvenile file has been revised and conforms to the State and County regulations.

There have been some revisions made in the record files and this is still in progress.

The daily activity log on officers has been revised to include every arrest, written warning, etc.

There is a lighted Police Department sign in front of the Police building that can be seen at night from a greater distance so that strangers may find the police facility easier in case of emergency.

The department will be getting delivery on a new squad car in the next few weeks.

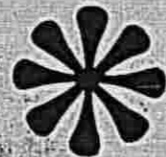

There has been an evidence locker system set up in a manner that the keys are only available on specific entry, etc. All evidence is listed on report forms.

The department now has an accountable uniform inventory and as a man terminates employment, his uniforms are turned in and serviceable items are re-issued.

The jail has been revised to meet current standards and the floors, etc. have been painted.

There have been no armed robberies in the Village for over a year.

The Police Department sponsored a youth bowling league from the Benevolent Fund.

voted on at the June meeting. Le Petit Chateau, Mrs. John Schultz, North Chicago; Le Demi Chateau Premiere, Mrs. Barbara Klemm, Gurnee; Le Demi Chateau Deuxieme, Mrs. Ted Odom, Libertyville; L'Archiste, Mrs. Ray Rathmann, Antioch; L'Aumonier, Mrs. Everett Ainsworth, Lake Forest; and Le Concierge, Mrs. Robert Broege, Deerfield. Mrs. R. Suzzi will automatically be the pouvoir member.

Mrs. Suzzi stated that all officers and chairmen's annual reports must be in to their respective state officers by May 15th, at the latest.

Hostesses were Mrs. Mary Carney, Mrs. Chester Schwerman, Mrs. Philip Strand, Mrs. Odom and Mrs. Gleason, all of Libertyville.

SCOUTING '73 EXPOSITION

Youth's New Dimension is the theme of "Scouting '73," an exposition to be held June 2 and 3 at the Lake County Fairgrounds. Nearly 3,000 youngsters from Scout units in 32 communities of Lake County and northern Cook County are expected to participate in the Scouting show.

Demonstrations of Cub and Scout skills will be presented in the fairgrounds' exhibition halls. Cubs (boys ages 8 through 10) will display their abilities and knowledge in handicrafts, safety precautions, the environment and other areas of current interest. Scouts (boys ages 11 through 17) will stage demonstrations on subjects

ranging from first aid and nature study to space exploration and photography.

Explorers (boys and girls ages 15 to 20) will display their groups' new emphasis on contemporary, practical activities. For example, units specializing in journalism will produce newspapers, those working in medicine will demonstrate physical therapy techniques. Other explorers are involved in scientific research, finance, law and government.

An outdoor skill area will feature demonstrations of cooking and fire building, shelter and bridge construction. Special events such as pinewood derbies, tug-of-war contests and cross-cut sawing races also will

be part of "Scouting '73".

The show has been organized by the Northeast Illinois Council of Boy Scouts of America to give the general public a look at today's Scouting and to interest boys and their parents in participating in Scout units. An estimated 30,000 persons are expected to attend the two-day event.

The show will be open to the public from noon to 8 p.m. on Saturday, June 2, and from noon to 4 p.m. on Sunday, June 3. Admission will be \$1.00. Lake County Fairgrounds are located at the intersection of highways 45 and 120, just north of Libertyville.

LAURIE GOOD TO PERFORM IN COLLEGE CONCERT

Laurie Good, daughter of Mr. and Mrs. Stuart Good, 715 Piper Lane, Lake Villa, will sing and serve as an accompanist in a concert by the North Central College Choir, Madrigal Singers, and Collegians on Sunday, May 13. The concert will be held in Pfeiffer Hall on the college campus in Naperville.

A 1972 graduate of Grant High School, Miss Good is a freshman at the four year liberal arts college.

The North Central College choral groups will perform the music of Handel, McLin, Proulx, Schalit, Vecchi, Irving Berlin, and Burt Bacharach.

ATTENDS NATIONAL EXECUTIVES LEGION MEETING AT INDIANAPOLIS INDIANA

Mr. and Mrs. John L. Horan, Antioch, spent Monday, Tuesday and Wednesday of last week attending the spring meeting of the Legion National Executives at Indianapolis, Indiana. Mr. Horan holds the title of "Department Historian" for the State of Illinois.

"THE BELLS ARE RINGING FOR MOM AND HER GALS"

Bells will be ringing Friday, May 18, 1973 at 6:30 p.m. to honor all mothers and daughters of the United Methodist Church of Antioch. The annual Mother-Daughter banquet is planned and served in Wesley Hall by members of the Wesley Evening Circle assisted by Boy Scout Troop No. 91.

This year the program features Mrs. Tyng Munns and her colorful display of 100 bells from around the world. Her program, "Bells of Many Lands," includes a musical interlude and story of Bells from out of the past.

Tickets are available from circle members or by calling Irene Hahn at 395-0096. Reservations must be received before Wednesday, May 16. Tickets for adults are \$2.00; grade school children are \$1.00; Pre-schoolers are free.

LIFE SAVING INFORMATION FOR WOMEN ONLY

Two movies entitled "Time and Two Women" and "Breast Self-Examination" will be presented jointly by Pi Delta Chapter of Beta Sigma Phi Sorority and the Lakeland Welcome Wagon along with the American Cancer Society. The movies are free of charge and will be shown at 7:30 p.m. at B. J. Hooper School Auditorium, Sand Lake and Beck Roads, Lake Villa. There will be an open discussion with Dr. Thomas H. Brendel, Radiologist at Condell Memorial Hospital. He is also one of the doctors participating in the free Pap Smear Clinic. The Clinic will be held at the Barwell Settlement, 201 Liberty Street, Waukegan. Call 336-9293 for an appointment.

Refreshments will also be served.

SO-CI'E-TY

pl. TIES. (L. societas fr. socius a companion; cf. F. SOCIETE. See SOCIAL) the relationship of men associated in any way to one another; companionship; fellowship; connection; participation.

Do you recall the beer commercial on TV? The girl said, "meet my brothers, Joe Pete and Mike." It just so happens that Helen and Paul Zeien of Channel Lake have three sons, Joe, Pete and Mike, born in that order. Their daughter, Helen, was married to Mark McKinney and he is being offered a beer by her three brothers.

Helen has 3 younger brothers, Patrick, David and Paul and a sister, Kathleen Clark.

NEWCOMERS HOLD ELECTIONS

The Antioch Welcome Wagon Newcomers' Club held election of it's new officers for the coming year at their May meeting. The new officers are: President - Nancy Mancuso, 1st Vice President - Sally Chanon, 2nd Vice President - Mary Ellen Rizzo, Treasurer - Sally Denny, Recording Sec'y - Joanne Bell, Corresponding Secretary - Evelyn LaFata, Historian - Dee Lewis. We offer our sincere congratulations and wish them success during the coming year.

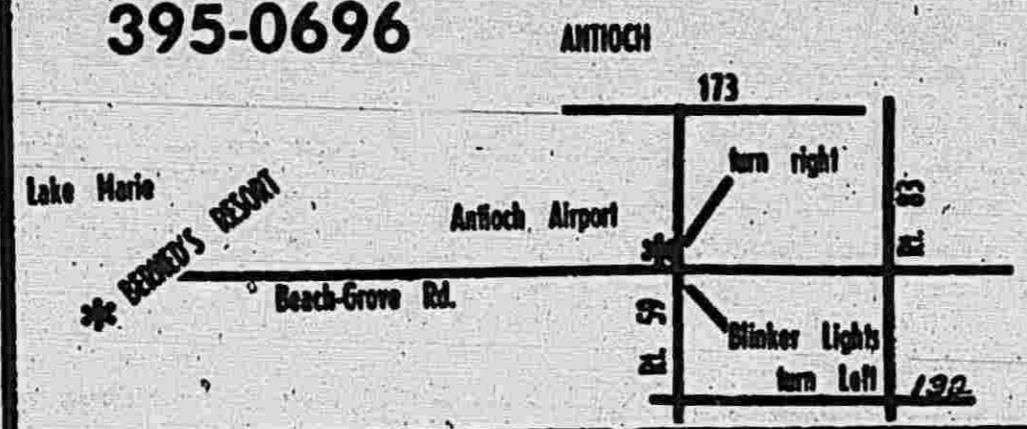

Installation of the new officers will be held Saturday,

May 19th. This will be a candlelight ceremony, for members only, singles or husband and wife. Cocktails will be served at 7:30 p.m. followed by dinner. Reservations must be in and paid for by May 14. The dinner will be held at Andre's Steak House in Richmond, Illinois. Call 395-3063 for reservations.

Remember the arts and crafts classes will be held every two weeks to prepare for the art fair. Classes will be every other Wednesday. For specific dates and times call Betty Baker at 395-3650.

HURRY! LAST WEEKEND "YOU'RE A GOOD MAN CHARLIE BROWN"

Good Grief! There are only two more chances - on May 11 and 12 to see Peppermint Patti and the other members of the "Peanuts" gang in the PM & L production of "You're a Good Man, Charlie Brown." The performances are at the PM & L Theatre, 877 Main Street in Antioch, where curtain time is 8:30 p.m. You should call 395-9702 for reservations.

Barbara Tyska of McHenry plays the part of Patti. In contrast to bulldozing Queen Lucy, Patti is a simple, sweet, direct, happy, and honest. In

general she likes to see people do good things. Her usually optimistic outlook is hardly ever upset, except on very rare occasions, as when she once paused to reflect that jumping rope is basically a futile activity. Barbara says the part grows on her. Judging from the reactions of PM & L audiences, she has also grown on them.

The other pint-sized members of the cast are Charlie Brown, played by Bill Sershon of Antioch; Linus, Bill Beese, Antioch; Snoopy, Ed Grimes, Antioch; Lucy, Paula Scardino, Round Lake; and Schroeder, John Cadwell, Duck Lake, Ingleside. Don Beveroth is the director, and the music is provided by Tracy Teltz, piano; Tanya Millsop, xylophone, celeste, and bells; and David Rush, percussion.

As every faithful comic-strip reader knows, Schroeder is not only a lonely island of sanity in a great sea of insanity, but also the most intellectually musical member of the "Peanuts" gang. His observation that "Beethoven had it nice" is clearly supported by the roster of musical numbers in the production. Right up there with the "Moonlight Sonata" are such additional exquisitely post-Baroque compositions as "The Red Baron," "Little Known Fact," "Book Report," and "Supertime." One reason why these are done so well is the fact that John Cadwell, who plays the part of the musical prodigy Schroeder, really is a musician, doubling on the flute in real life.

This delightful musical production can be enjoyed by the entire family. Don't let these last two performances slip by without taking one and all to see the memorable antics of the celebrated if somewhat philosophical "Peanuts" gang.

Bill Sershon is shown rehearsing his forlorn look as Charlie Brown. In the background is Paula Scardino playing Lucy Van Pelt.

THE OAKWOOD KNOLLS PROPERTY OWNERS ASSOCIATION would like to express a very warm and sincere "THANK YOU" to the following merchants and friends who so generously supported us through their contributions to our Spring Dance. Through their help we were able to have a fun-filled evening and a financial success.

American Legion Auxiliary

Plans were changed regarding the date of the 10th District American Legion and the Auxiliary children and youth picnic. It will now be held on Sunday, May 13th, starting at noon, at the Lake Regions' American Legion Home in Fox Lake. Chairman Robert Maxwell, Mundelein; and co-chairmen, John Jones, North Chicago, and Mrs. Louis Thompson, Waukegan No. 281; state there will be a large picnic lunch of hot dogs, hamburgers, pop, potato salad, ice cream, cookies, etc. In addition, there will be many types of games and races with prizes, and boat rides on the lake. Johnson Motors will provide boats. This annual picnic is for some 150 children from Arden Shore Home, Allendale School for Boys and the Lake Villa Central Baptist Children's Home.

Mrs. William Dowden, Antioch Unit children and youth chairman, has been participating in these picnics for the past five years.

The 19th annual Department Junior Conference will be called to order at 10:00 a.m. May 20th, at Stroud Auditorium, University High School, Normal, Illinois.

There will be choral competition (Sharvin Unit Juniors of North Chicago have been first place winners the last three consecutive years).

Handwork displays must be arranged for competition. Poppy hats, poppy corsages and poppy centerpieces will be judged. A poppy centerpiece, fashioned by Susan Rathmann, will be one of the entries.

Members will help judge the "Little Miss Poppy" and "Miss Illinois Poppy" by their applause as they hold a parade of Miss Poppy's.

Juniors are asked to bring only new toys that are small in size for the other parade - "The Parade of Toys" which will be given to physically and mentally handicapped children in state schools.

Junior Unit groups have been working hard to earn money to send a teacher to the "For America Seminar" at Valley Forge, Penn. It costs \$500.00 to send a teacher to this three week seminar. These Juniors have earned money by selling candy, holding bake sales, etc.

The Americanism scrapbooks and dolls dressed in Chinese costume will be judged previously and the winners announced at this conference. Dianna DeVries, Antioch, has a foreign relations doll entered in

this contest.

Histories and junior press books have a later deadline date, and the winning contestants will be told at the state convention.

There are generally some 800 juniors and senior members in attendance at this Department Junior Conference.

Planning to be present from the Antioch Unit are Mrs. Ray Rathmann, 10th District junior activities chairman; Mrs. Bernard DeVries, Antioch junior activities chairman; and Juniors, Susan Rathmann, Colleen DeVries, Dianna DeVries, Annette Zitkus, Cheryl and Sandra Stadick.

new officers of antioch woman's club

On Monday, May 7, 1973, the Antioch Woman's Club held their final meeting for the year. The luncheon was held at the Colony House in Trevor, Wisconsin with installation of officers for the coming year. The following officers for 1973-74 are: (l to r) Lillie Petty, Installing Officer; Fritz Turner, Corresponding Secretary; Shirley Stanich, outgoing President; Irene Hahn, Vice-President; Jean Benes, Recording Secretary; Ronnie Stromberg, Treasurer. (Staff Photo)

New Deductions

Antioch's Welcome Wagon hostess Mrs. Bernard DeVries just informed us that she was happy to "welcome" a new grandson on May 3. Dan and Chris Martin of North Chicago are the proud parents of David Bernard who weighed in at 8 pounds. Amber 4, and Danny 3 will welcome brother David but at present are enjoying all the attention of their grandparents. Maternal grandparents are Mr. and Mrs. Bernard DeVries of Antioch and paternal grandfather is Mr. Ray Martin of Mundelein.

KELLYS' CELEBRATE 45 YEARS

A surprise 45th Anniversary Party was given for Clarence and Marie Kelly, Sunday, May 6th, at the home of Richard and Judith Kelly.

There were 31 friends and neighbors present coming from as far as Florida, Milwaukee and Chicago.

Many nice gifts were received, including a money tree.

EMMONS TRIPLE DIP— ENTERTAINMENT TREAT

On Friday, May 11, at 7:00 p.m., Emmons Grade School will present The Triple - Dip Entertainment Treat. A band concert, one-act play, and talent show will be packed into the time span of an average movie (rated "G", of course).

An admission price of 40 cents from adults and 15 cents for students will go into the 7th and 8th grade treasuries.

The first dip of entertainment will be a chocolate - Vanilla - Strawberry delight by Emmons' new school band under the direction of Edward Kramer. Moving from basic beginner's tunes to "Michael Row the Boat Ashore", the band will demonstrate its growth in ability.

The next scoop of fun is a nut-filled surprise called "Come

to the Fair!". This one-act comedy concerns the adventures of a farmer who invents a super-fertilizer, his love-struck son, cake-baking wife, and naughty little daughter as they become involved with all the important people at The Chickpea County Fair. The cast includes Terry, Danny, and Darren O'Brien, Julie Kramer, Debbie and Diane Layton, John Kakacek, Mary St. Pierre, Lori Bolton, Tracy Tobias, Violet Meuter, Tracy Sodman, Debbie Weber, and Carla Esposito.

And for the tutti-frutti final dip Emmons will sponsor its first Talent Show. Guitar, piano, voice, dancing, and comedy will all be seen. All grades from K-8 are eligible for the 6 prizes.

COTILLION AT RAMADA INN

The East Ballroom will provide a glamorous setting for the Antioch Mental Health Cotillion to be held Saturday, May 12th.

The Ramada Inn is located in Highwood, Illinois and is an easy 30 minute drive from Antioch. Take Route 173 East to Rte 41 - then South on Rte 41 for approximately 18 miles - turn left at traffic lights marked by

green signs for Barat College and Fort Sheridan. The Ramada Inn is a few short miles from this point.

The Mental Health Association extends sincere thanks to the following for their generous contributions to the 1973 Cotillion: B.J. Fashions, Reeves Drug Store, Carey Electric, Polson's Dietary Foods, Dr. I.N. Resnick, DDS, and Blanchette Radio and TV.

A truly fashionable way to express your pride in motherhood.

Keep your loved ones close to you with this beautiful cocktail cluster ring. Available in either white or yellow 10 karat gold, the ring is set with a synthetic birthstone for each child or grandchild and holds up to 8 stones.

GUSTAVE PIERHING HAS CLAIM TO FAME

Gustave Pierhing of Rt. 2, Antioch, has a very unusual claim to fame. He received his Social Security card on the first day they were issued. The Social Security Act was passed in 1936, and the first cards to be

Gustave Pierhing

distributed were received on December 1st, 1936.

This is the date that is on Mr. Pierhing's Social Security card. He still has his original card. It is a little bit on the worn side, but it still does the trick. His card has the "Social Security Act" written across the top and bears the date of issuance. The only difference between his card and the present cards is that they now read just plain "Social Security", and the date has since disappeared.

Gus said that he applied for the card just as soon as the act was passed. At that time there was a wide-spread campaign asking everybody to do so.

Pierhing commented, "I thought it was important even at that time. I looked at it as a pension in my old age and as security, which it is."

Gus is 67 and has been enjoy-

ing the benefits of social security for a couple of years now. He still works part time however, a day here and a day there, whenever he is needed, at the Playboy Club in Lake Geneva. He is a chef and says "you name it and I can cook it."

Pierhing is not the usual "rolly-polly" chef and when asked why he wasn't fat he said, "Because my cooking is so good that it is all gone before I have a chance to get some."

A former 25 year resident of Miami, Florida, Pierhing has lived in Antioch since October 8, 1962. He lives with his wife, Florence, who keeps herself busy re-upholstering furniture and sewing. They have one daughter, Sarah and a granddaughter, Liesl. Pierhing was formerly employed at the Bath Club, in Miami Beach, Florida.

Louis J. Bliss

Louis J. Bliss, son of Mr. and Mrs. Louis Bliss, Rte 3, Antioch, graduate of Antioch High School, will be a candidate for the Associate in Applied Science degree in Electronic Communications Engineering Technology at the Spring Quarter Commencement of the Milwaukee School of Engineering.

Bliss is graduating with high honors.

A total of 202 candidates will

BAXTER LAB PROMOTES CORNWALL

Howard Cornwall

Baxter Laboratories, Inc. is pleased to announce the promotion of Howard Cornwall to the position of Assistant Foreman.

Howard joined Baxter in 1972 as a Warehouse Operator.

Howard, his wife and two children reside in Silver Lake, Wisconsin.

Baxter Laboratories, Inc. manufactures and markets a diverse line of products in the hospital and health field around the world.

BLISS TO GRADUATE ENGINEERING SCHOOL WITH HONORS

be presented for degrees: 80 for the bachelor of science, 14 for bachelor of industrial management, 75 for the associate in applied science, 23 for the associate in industrial management, and ten for the master of science. Eight students will receive preparatory technical education program certificates.

Dr. Joseph P. Cosand, Professor of Education and Director, Center for the Study of Higher Education, University of

Michigan, will give the address at the Commencement, Saturday, May 12, at 9:30 a.m. in Uihlein Hall, Performing Arts Center. Dr. Cosand was formerly Deputy Commissioner of Higher Education, U. S. Office of Education, Washington, D. C.

Milwaukee School of Engineering is a member of and is accredited by the North Central Association of Colleges and Secondary Schools.

PLATE COLLECTORS — —FIRST EDITIONS

In an effort to instill a pride of country and a rekindling of the wondrous "Spirit of '76", the General Federation of Women's Clubs have set out the start of a series of four collectors plates, which will in their entirety depict a complete and moving "Portrait of Liberty". Because of the inherent nature of this Bicentennial Plate and because it will be a limited edition, it is sure to be regarded as more than just a decorator piece. It will also become a cherished heirloom and a valuable collectors item. It will be released January 1 of four consecutive years 1973-1974 1975 and 1976. Then on July 4th, 1976, a final ceremony will take place at Independence Hall, presided over by the Presidents of the General Federation of Women's Clubs for the years 1973 thru 1976. At this ceremony all the moulds for these plates will be publicly destroyed, thereby creating a limited

edition.

An exquisite set of two alternate color selections - Antique powder blue and Early American milk glass white are the featured choice of color and the cost of each plate is \$10.00. This means that even though the total investment (if purchased during the year of issue) comes to only \$40.00 the actual market value of a complete set, in 1976, should be at least \$60.00. This represents an increase in value of 50 percent.

A supply of brass wall hangers and wooden stands has been stocked and can be ordered with your plate purchase.

In order to get in on this offer you may contact the president of the 10th District Illinois Federation of Women's clubs Mrs. Dorothy Fox of Lake Forest, Ill. at 234-1211 or Mrs. Dorothy Krause of Niles, Ill. at 827-1973. They can direct you to the club president in your local for the easiest convenience.

by: Carol Prygas

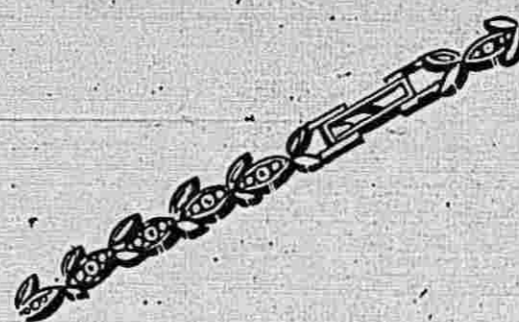

LEAVE THAT SPOT ALONE!

There seems to be a disease around which we've all caught from time to time and not too many people know about fighting it. It's called the "quick put some water on that spot disease". Remember having it? Well, I'm asking you to fight it! Now, water is good to drink, great to do laundry in, fine to cook with, but lousy in certain spots and fabrics. Sometimes, in silks and shantung, on accordin pleats, and certain dyes, it's harder to get a water ring out, than the spot itself! So please don't put water, or vinegar or baking soda or baby powder or ANYTHING from your pantry or bathroom on your spots. We can get it out - honest! - the right way with a combination of chemicals that won't damage your garment. If you're worried - call me - I'll tell you if you can do anything till you can get it in - but don't experiment! Your clothing needs professional care.

Carol

SEQUOIT HAPPENINGS

SCHOOL NEWS

BITS AND PIECES

The juniors hard work brought the result of a beautiful prom "Dancing in the Moonlight" was the theme, which everyone followed. The band was very good—they're called the 3M Company. To give credit where it's due, I'm mentioning the names of the prom committee chairmen. But remember, they could do nothing without their workers.

General—Steve Albright; Decorations—Diane Carole, Laura Kessler, Lois Geist, Karen Hart, Kathy Mahoney, Shelley Grunewald, Band—Fran Colette, Pat Horn, Queen & Court—Mleea Church, Kathy Toft, Debbie Orphan, Refreshments—Richelle Radke, Barb Dodd, Sue Walsh, Janet Kroepin, Sue Rigby, Program, Tickets, Publicity—Peggy Griffin, Penny Anderson, Mary Steffenburg, Budget—John Meyer.

Prom is always a memory that's sweet for all who attend, and this year was no exception. As you enter, you feel as if you've come into a different world—free from all worries. I've noticed lately that the guys are getting to be more of a spectacle than the girls. The girls aren't quite as extravagant as a few years ago. This year, I saw lots of tails on the guys. And velveteen, brocade, ruffles, etc. on the tuxes. And no more plain carnation boutonnieres. I've seen roses, daisies—you name it! Of course, I'm not speaking for everyone, but it is strange when you notice some of the Switch-overs.

Congratulations to the reigning King, Mark Andrews and Queen, Marcia Doolittle. They were a very lovely pair. Instead of the usual thrones, they were seated on a swinging love seat. The pages were as cute as ever. They were Scott Horn and Colette Dodge.

For three years, we haven't had a prom picnic that it hasn't rained at—until this year! It was a gorgeous day. Most of the kids went to Petrified Springs but a few went to the Zoo or White Pines.

To leave prom, as it was, on an appropriate note, I'd like to print the lyrics that were printed in the programs:

Memories

Memories pressed between the pages of my mind
Memories sweetened thru the ages just like wine
Quiet thoughts come floating down and settle softly to the ground like gold of Autumn leaves around my feet.

I touch them and they burst apart with sweet memories.
Memories of holding hands and red bouquets and twilights trimmed in purple hails and laughing eyes and simple ways and quiet night and gentle days with you. Memories. Sweet Memories.

In the April 25th newsletter sent out by the High School the following information is of interest to the community.

Student Council Officers, class representatives to the Council, and class officers for 1973-74 were chosen in elections held Thursday, April 19. Those elected to Student Council were Bill Beese, President, Wendell Burris, Vice-President, Kim Schillinger, Secretary, Ginny Skrzynecki, Treasurer. Senior Class Officers are Blair Fire, President, Tom E. Robinson, Vice President, Laura Kessler, Secretary, Kathy Mahoney, Treasurer, Fran Colette, Representative, Tim O'Neill, Representative. Junior Class Officers, Marla Kessler, President, Jody Patrovski, Vice-President, Ronny Jackson, Treasurer, Janet Gallimore, Secretary, Kim Kovach, Representative, Kim Vasek, Representative, Larry Lloyd, Representative and Gary Thompson, Representative. Sophomore Class Officers, Robin Hunley, President, Jim Grippando, Vice President, Mel Smith, Secretary, Nancy

Halverson, Treasurer, Kim Fischer, Representative, Kathy Shkapich, Representative, Dave Lagerstrom, Representative and Rich Cooles, Representative.

For the 1973-74 year most of the program cuts made the past year will be reestablished. We will return to the seven period day. It will be easier for those students who wish to do so to carry an extra subject. A separate instrumental music teacher will be employed to allow greater emphasis on the program. Freshman and Junior Varsity athletics will be reinstated plus girls' athletics will be introduced. Additional staff will be employed to accommodate increased student enrollment.

Other extra curricular activities including drama have been made available to students for registration.

The board of education plans for the school to operate on a balanced budget next year, plus the payment of a minimum of \$100,000 against the accumulated debt.

THE STATEMENT

This past week there was a drive for all students and teachers to order their copies of The Statement. The turnout was very good.

Anyone wishing to order more copies will be able to pick-up order forms in the attendance

office or they can simply send a check to B-J Rush Studios.

The book is coming along quite well, and they will be sent to the subscribers before the end of June.

Sandi Stewart

SOUTHERN ILLINOIS BASS TOURNAMENT

On April 28 and 29 a fishing tournament was held on Crab Orchard Lake in Carbondale. Never before, was there a team from the north which finished in the top twenty. But this year changed the whole story. For the first time in the tournament's history, a northern team took 4th place.

This team consisted of Charles and John Muttschall of Antioch. Bob Voights of

Waukegan, and Ted Fingers of Crystal Lake. As a team they caught 19 lbs of fish, only 3 lbs out of 1st place.

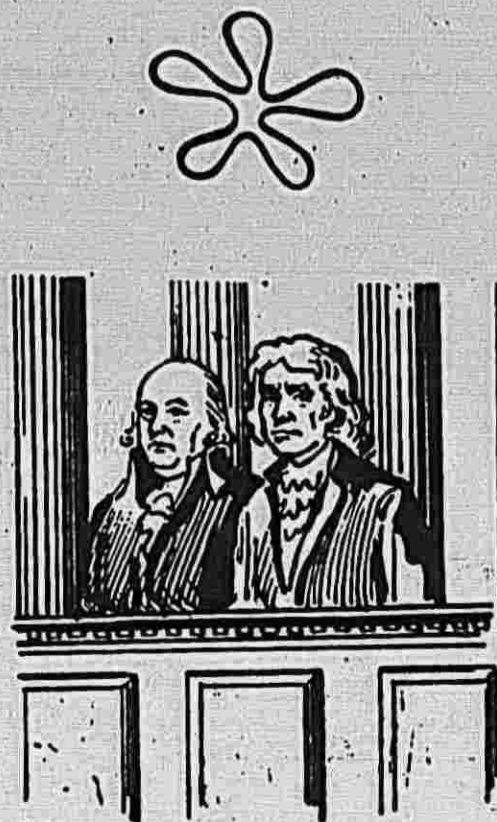

The team didn't think it had a chance after Saturday, when weighing in with 6 lbs. of fish. But things looked brighter on Sunday after Ted Zingers caught 9 lbs. of fish, and they ended up in 4th place out of 112 teams.

John Muttschall

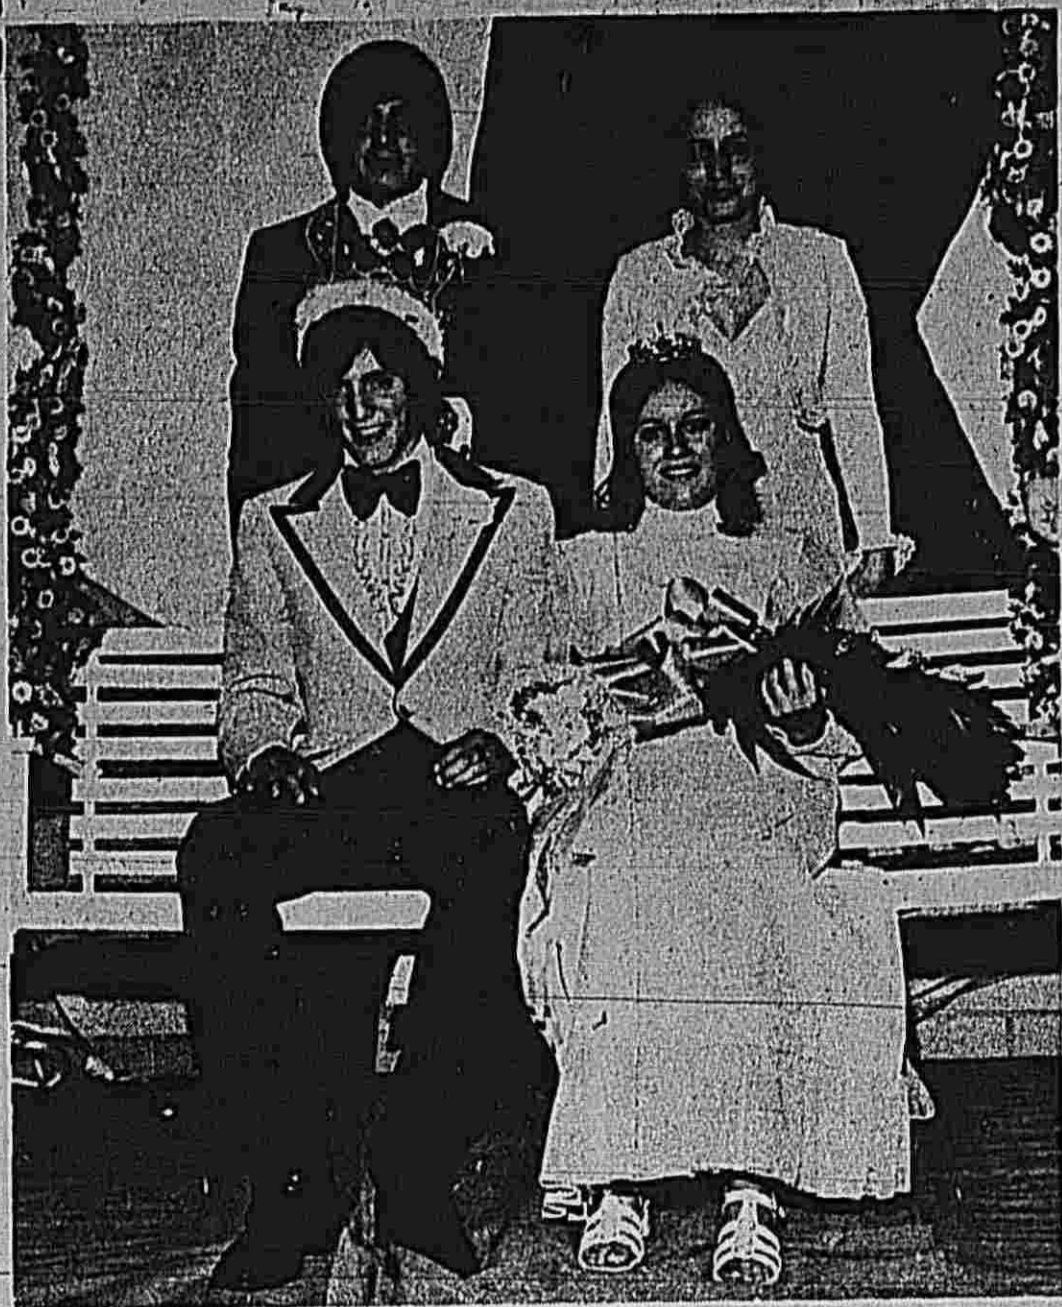

Midwest Open Fishing Tournament Postponed

The Midwest Open Fishing Tournament, which was to be held on May 5 and 6, has been postponed till May 19 and 20. Due to the high waters on the Chain-O-Lakes, no motor boats are allowed. The sponsor of the tournament, Sportfishing Unlimited, will have the team pair-ups at their club meeting on May 10 at the Antioch Country Club at 7:30 p.m.

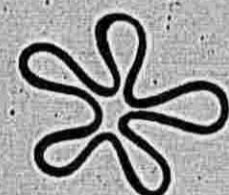

John Muttschall

HOUSE OF REPRESENTATIVES HAS TWICE CHOSEN U.S. PRESIDENTS--IN 1800 THOMAS JEFFERSON OVER AARON BURR (THEY TIED ON ELECTORAL VOTES); IN 1824, JOHN QUINCY ADAMS WHEN NO CANDIDATE OBTAINED ELECTORAL MAJORITY.

"Dancing in the Moonlight" was the theme for this year's Junior Prom at which Mark Andrews and Marcia Doolittle served as King and Queen. They were crowned by last year's royalty Mike Harvey and Sandi Stewart. The Prom was held at the Antioch Community High School on May 5, 1973. (Staff Photo)

PURCHASE - OR - RENT YOUR NEXT CAR OR TRUCK FOR CONSULTATION CALL
John F. Weiss Lease Manager
"EXCELLENCE IN YOUR AUTOMOTIVE NEEDS IS MY TRADE-"
YOUR SATISFACTION IS MY GOAL."

JOHN TERRELL CHEVROLET & OLDSMOBILE, INC. ANTIOCH, ILLINOIS 312-395-3600

(Week of May 11-17)

ARIES (March 21-April 20): Family problems and difficulties at work or school could cause tension. Watch the budget to avoid financial squeeze. Put off decisions involving major matters. Best day: Saturday.

TAURUS (April 21-May 20): An auspicious period for tackling chores around the home, planting and other improvement projects. Don't take on more than you can handle. Social activities could brighten your spirits. Best days: Sunday, Thursday.

GEMINI (May 21-June 21): A period marked by routine that could border on boredom. Do not initiate major changes in personal or career goals. This is a time for planning, not action. Best days: Saturday, Tuesday.

CANCER (June 22-July 21): Being kind to elderly relatives can pay dividends in family harmony. Good period for a short trip for pleasure or a visit. Aspects high for career advancement, romance. Best days: Friday, Monday.

LEO (July 22-Aug. 23): Excellent period for shopping. Break away from routine and indulge yourself with an evening-out or a visit with friends. Too much concentration on work can dull your mental outlook. Best day: Saturday.

VIRGO (Aug. 23-Sept. 22): Cycle high for those born under your sign. You can take constructive action to improve finances. New friendships could result from someone you meet at a party or sporting event. Best days: Saturday, Sunday.

LIBRA (Sept. 23-Oct. 22): It's all signals go for persons born under this sign. Moon in your cycle favors romance, harmony within family. Some creative project could return a profit or offer an unusual opportunity. Best days: Sunday, Tuesday.

SCORPIO (Oct. 23-Nov. 22): Romantic aspects high, especially those matching your sign and someone born under the sign of Cancer. You may have to break the ice through an invitation. Best days: Saturday, Sunday.

SAGITTARIUS (Nov. 23-Dec. 21): You can make progress toward a secret wish if you have faith in your own ability. Favorable period for social activities, outdoor recreation. But take care if driving to avoid accidents. Best days: Sunday, Thursday.

CAPRICORN (Dec. 22-Jan. 20): Slow, routine period indicated. Solar signs not favorable for making changes. Family disputes could upset your social plans. You'll have to be tactful to avoid hurt feelings. Best days: Tuesday, Thursday.

AQUARIUS (Jan. 21-Feb. 18): Demonstrate the affection you feel for your mother on Mother's Day. Shopping expedition can boost your morale, too. Later in this week, avoid spreading gossip or rumors. Best days: Friday, Sunday.

PISCES (Feb. 19-March 20): Be extra careful if driving to visit relatives over weekend. Solar signs indicate potential problems with children, family. Social activities will provide a pleasant change of pace. Best days: Tuesday, Wednesday.

ADLAI STEVENSON TO DELIVER CLC COMMENCEMENT ADDRESS

Adlai E. Stevenson III, United States Senator from Illinois, will deliver the commencement address at the fourth annual commencement exercises of the College of Lake County. The ceremony is scheduled for Friday evening, May 18, at 8 p.m. in the West Campus auditorium of Waukegan High School.

The general public is invited to attend the ceremony featuring 311 CLC students.

Adlai E. Stevenson II of

Illinois was elected to the United States Senate on November 3, 1970. He was sworn in on November 17, 1970 to serve the remaining four years of the unexpired term of the late Senator Everett M. Dirksen.

Stevenson is a member of the Committee on Banking, Housing and Urban Affairs and the Committee on Labor and Public Welfare, and is Chairman of the Subcommittee on Migratory Labor.

Atchley, Steve Benton, Joyce Bittner, Debra Blanchette, Elizabeth Boyd, James Carroll, Kenneth Cash, Paul Cramer, Kathie Dobson, Pamela Donavan, Julie Dye, Lawrence Ellis, Russell Erickson, Kimberlee Fischer, Rebecca Garrison, Clinton Glover, James Grippando, Melinda Harris, John Horton, Warren Jeenrich, Jeffrey Jones, David Jordan, Gail Kelly, Marc Lubkeman, Scott Maras, Scott Nischan, Luann Oddsen, Nanci Pawlowski, Paul Petty, Susan Proctor, Lawrence Reckers, Ester Schreiber, Jonathan Schribner, Sandra Stadick, Jeff Stickler, L. E. Terdin, Gina Teresi, Philip Toal, Daniel Vos, Donna Wilson, Christine Zabielski, Barbara Orbank.

DAANE L. TROYER

Navy Airman Apprentice Daane L. Troyer, son of Mrs. June Troyer of Route 1, Antioch, Illinois, completed the Aviation Machinists Mate School in Millington, Tenn.

Aviation Machinist Mates maintain aircraft engines and related systems.

A 1969 graduate of Antioch Community high School, he attended Southern Illinois University, Carbondale, Ill.

WESTERN ILL. WINTER QUARTER GRADUATES

Five hundred and twelve Western Illinois University students completed undergraduate or graduate degree requirements during the 1972-73 winter quarter.

Among them are Dennis E. Ward, Rt. 2, Box 481, Antioch, and Lewis A. Channell, R. 2, Box 653, Lake Villa. Dennis will receive a Bachelor of Business degree and Lewis a Bachelor of Science degree.

Since Western only has one commencement exercise a year, they are all eligible to participate in the spring, 1973, ceremony June 16 in Western Hall.

Obituaries

LORIN P. VOLK, 61, of 518 Burdick Avenue, Libertyville passed away suddenly on May 5th at the Geneva Community Hospital in Geneva, Illinois. He was born on December 11, 1911.

He was head of the Social Studies department and an 8th grade teacher at the Antioch Upper Grade School. He had taught in the Antioch School System for the past 15 years. He was a member of the United Methodist Church in Libertyville and belonged to the Church Choir.

Survivors are his wife Helen, 2 brothers Stuart and Ernest Volk and 1 sister, June all of Elgin, Illinois.

Funeral services will be held on Wednesday at 1:30 p.m. at the Burnett Funeral Home, 120 W. Park Avenue, Libertyville, Illinois. Interment will be in Oak Hill Cemetery in Geneva, Illinois. The Rev. Kenneth Crandall and Rev. Herbert Nagel will officiate. Memorials may be sent to the United Methodist Church in Libertyville.

MR. GODFREY J. JOHNSON, 80, of Salem Oaks subdivision at Salem Wisconsin, passed away on Sunday at Kenosha Memorial Hospital. He was born April 1, 1983 in Elgin, Illinois and resided in St. Charles, Illinois and Chicago Illinois before moving to Salem 18 years ago. He retired 15 years ago as a millwright for Hot Point company in Chicago where he had been employed for over 25 years. He married Minnie Ross in 1931 at Terre Haute, Indiana and she passed away on Nov. 23, 1971.

Survivors are 1 daughter, Mrs. Marie (Albert) Abbott (Lombard, Ill.) 2 brothers August & Victor Johnson (both of Phoenix, Ariz.) 3 sisters Mrs. Olga Hauer, Mrs. Hulda Miller, & Miss Gerda Johnson (all of Elgin, Ill.) 4 grandchildren and 4 great grandchildren.

Funeral services will be held at 1:30 p.m. Wednesday, May 9th at the Strang Funeral home in Antioch. Rev. Phillip Borleske of Christ Lutheran Church at Paddock Lake, Wis. will officiate. Interment will be in Salem Mound Cemetery near Silver Lake Wisconsin.

MR. WARD KIEHL, 80, OF 1009 Osmond Avenue, Antioch, Illinois passed away on Friday, May 4th at Victory Memorial Hospital. He was born February 13, 1904 in Dorchester, Wisconsin and had resided in Siren, Wisconsin moving to Libertyville, Illinois in 1933 - Bristol, Wis. in 1935 and to Antioch in 1952. He is a member of Faith Evangelical Lutheran Church in Antioch. He had been a farmer until moving to Antioch when he became a truck driver. He married Ida Olson on Feb. 23, 1929 at St. Paul Minnesota. He was preceded in death by 1 daughter, Mrs. Jean Smith 1 grandson and 4 brothers, Lawrence, Norman, Lester, and Howard Kiehl. Survivors are his wife Ida - 3 daughters Mrs. Joanne (Noel) Elfering (Kenosha Wisc.) Mrs. Joyce (Gerald) Ehrhart (Antioch, Ill.) Mrs. Janice (Gerald) Hassett (Antioch, Ill.), 1 brother and 2 sisters. Also 18 grandchildren.

Funeral services were held on Monday, May 7 at the Faith Evangelical Lutheran Church in Antioch. Rev. Kent Schroeder officiated. Interment was in Liberty Cemetery.

THANK—YOU

I would like to thank everyone for their lovely cards and gifts to help cheer my hospital stay.

MRS. REED KAISER

ATTENDS ANNUAL WORKSHOP

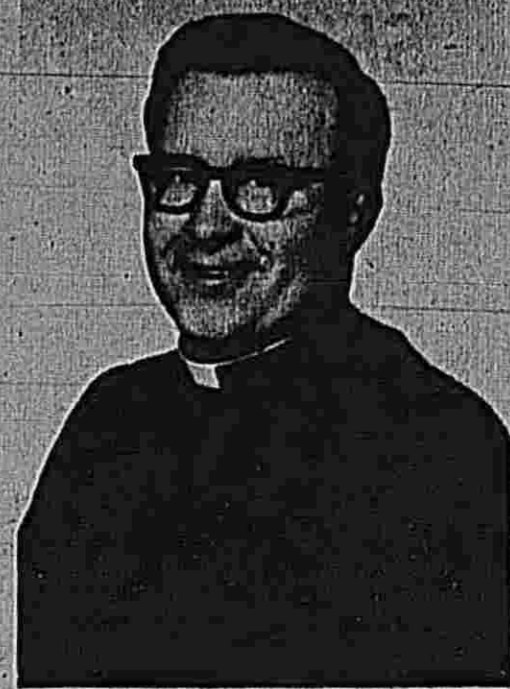

Mrs. Reed Kaiser of 2402 W. Aspen Drive, McHenry, Illinois was one of 125 Christian Scientists from various parts of Illinois participating in a meeting at the Holiday Inn in Peoria on Saturday.

The occasion was the Annual Workshop called by James O. Miller, Committee on Publication for Illinois, for his Assistants throughout the State.

Highlighting the theme of the meeting, "New Horizons '73",

was an address by Allison W. Phinney, of Boston, who is currently Assistant Manager of Committees on Publication throughout the world. Phinney has also edited numerous religious publications and served as Consultant on Religion for the recent American Heritage Dictionary.

Mrs. Kaiser is a member of First Church of Christ, Scientist, Antioch and is Assistant Chairman on Publication for Antioch.

"Hindsight's Better Than Foresight"

by: Rev. Eugene Keusal

On the corner of Orchard and Broadway streets stands the Antioch water tower. The water in that tower keeps the people of the Village alive. It is piped into every home and hence to every individual. Without water we would die. It's there but we have to open the valve to make it available to ourselves.

God is the water tower, and prayer is the opening of the valve. What we pray is not as important that we do pray. That we open the valve and let God in. We personalize our prayer with individual acts of petition, thanksgiving or contrition. However in all prayer we are acknowledging God to be the creator and ourselves as creatures dependent on Him.

Prayer is a personal recognition, when we pray alone, a social recognition, when we pray together, of that dependence on the Creator, God. Prayer does not change God. It could, however, cause man to change himself. Most of all it makes man aware of his total dependence on God. By acknowledging his dependence, man becomes more human, more himself. He grows into what he is supposed to be - a dependent creature, a human being. Then man is also better able to deal with other people who are dependent on him because he knows from experience what dependence means. Prayer makes God more of a reality. Prayer intensifies the relationship between God and man.

God, like the water tower, is always present. We have to open the valve and let Him in. Prayer, like the water, is meant to refresh and make man grow into what he is intended to be.

WOMEN'S GLEE CLUB & HANDBELL CHOIR OF MOODY BIBLE INSTITUTE WILL PERFORM AT ANTIOCH EVANGELICAL FREE CHURCH ON SUNDAY MAY 13

Give Mom a treat on Mother's Day by accompanying her to hear the Women's Glee Club and Handbell Choir of Moody Bible Institute at the Antioch Evangelical Free Church, Tiffany Road at Highview Drive, Sunday evening May 13 at 7:00 p.m.

This musical group, composed of students from many parts of the United States and foreign countries, has performed in music festivals and special concerts extensively. Two record albums featuring their work have been released by Word Records, Inc., of Waco, Texas; and one record album has been released by Super Recording, Glen Ellyn, Illinois.

Director of the group, Robert

Carbaugh, is a member of the faculty at Moody Bible Institute and former minister of music at the historic Moody Memorial Church in Chicago. Before joining the staff at MBI, he served as a missionary to Hawaii for 15 years. While there he played first violin in the Honolulu symphony, and organized and directed the Honolulu junior symphony orchestra.

The exciting new sound in music to be featured at the concert will come from bells cast in Britain's famed White-chapel Foundry, the maker of Big Ben and the Liberty Bell. The handbell choir, which functions as a part of the Glee Club, is one of the few traveling groups of this kind in the country.

The set of 45 perfectly tuned bells range in weight from a few ounces to over nine pounds, and in size from two to ten inches in diameter. They have the same rich, ringing tones as giant cathedral carillons. In the summer of 1963, the Glee Club toured England, Ireland, Scotland, and France. The Hampshire Telegraph reported: "With beautifully balanced young voices and skillful playing of the handbell orchestra, the choir made a joyful sound unto the Lord."

In addition to the Women's Glee Club and Handbell Choir, Moody maintains two other choirs: the Men's Glee Club and Moody Chorale, and newly organized Concert Band which tour at the same time.

There will be no admission charge; a freewill donation will be received.

Christian Science

The understanding of Man's likeness to God is brought out in this week's Lesson-Sermon entitled "Adam and Fallen Man"

From Science and Health with Key to the Scriptures by Mary Baker Eddy this citation will be read: "The great truth in the Science of being, that the real man was, is, and every shall be perfect, is incontrovertible; for if man is the image, reflection, of God, he is neither inverted nor subverted, but upright and Godlike."

Services at First Church of Christ, Scientist, BEACON HILL, Route 173 and Harden, Antioch, Illinois begin at 11 a.m. Everyone is invited to attend, and child care is provided.

COURAGE, PARENTS: YOUR YOUNG ARE NEVER LOST

LET US SEND YOU
OUR SUCCESS STORY

ARE YOU TOO BUSY MAKING A LIVING TO MAKE MONEY?

Let Sun Chemical and Refining Corporation send you our Record of Success, then you decide if it is a track record you want to be part of in making money. Our product is unique and there is none on the market to compete. The PILL for the automobile is nationally advertised in Road and Track, Hot Rod, Motor Trend, Car and Driver, Cycle and Service Station Dealer, just to mention a few, and replaces all automotive additives on the market today. You simply drop it in your gas tank, get a ring and valve job and save gasoline. We cut 7 cents per gallon off gas price and we will stop oil burning. We will send you our complete brochure and laboratory testing, and for the qualified person, we will pay all expenses bringing you to our home office for complete training, and furnish you a list of all customers in your area. We pay 100 percent cost of local and national advertising including newspaper ads, radio and TV scripts. We invest three dollars to your one. To get started, you must have \$5,000 to \$10,000 investment for starting inventory depending upon size of territory. (No Franchise Fee) This is truly a ground floor opportunity you should check out if you want a Dream Success Story of your own. If you are serious, let us hear your story and position. If you are not serious, please don't waste our time or yours, as time is money. At this point we are sure you have questions and it is impossible to explain everything in this ad. Our brochure package will explain everything from factory to marketing to consumer use. Our brochure package contains a free gift for you and over 50 pages of pictures, laboratory tests and marketing concept on corporation. Our products are a guaranteed sale to you. For this package, write or phone Mark Anthony, Area code 904-396-5856 or write:

Jacobs receives Certificate of Appreciation

Mr. Edward Jacobs, retiring Village Attorney for the past 24 years, received the following Certificate of Appreciation at the Village Board meeting on Monday night. The new Mayor, Robert Wilton also announced that David Nisson is in the process of designing a Village Key, and Mr. Jacobs will be presented with the first key when they are issued.

CERTIFICATE OF APPRECIATION

The Board of Trustees of the Village of Antioch desires to convey to Edward C. Jacobs an expression of its commendation and grateful acknowledgement for the valued services rendered by him in the public interest as Village Attorney from May, 1949 to May, 1973, a

total of 24 years. Edward C. Jacobs served under Mayor George B. Bartlett from 1929 to Oct. 1949; Mayor James W. McMillen from 1950 to 1957; Mayor M.W. Cunningham from 1957 to 1965 and Mayor Raymond P. Toft from 1965 to 1973.

The Mayor and members of the Board of Trustees sincerely appreciate the worthwhile contribution that Mr. Jacobs made toward the communal welfare and material development of the Village of Antioch.

Signed and sealed on behalf of the Board of Trustees of the Village of Antioch this 7th day of May, 1973.

Robert C. Wilton
Mayor

Marilyn J. Sterbenz
Village Clerk

Joseph Tomei

SCHAFFER & BERNING ASSAIL GOV. WALKER

State Senators Jack Schaffer (R-Cary) and Karl Berning (R-Deerfield) today assailed Governor Daniel A. Walker for failing to propose major transportation relief to residents of Lake and McHenry counties in his supplemental freeway program.

In response to the governor's announcement of his transportation aims earlier today, the two senators issued the following statement:

"The governor has ignored public need and desire for construction of the proposed Corridor 201 Expressway. After all the planning that has gone into construction of this expressway, including two years of public hearings and numerous environmental inquiries, the governor has turned his back on the entire project. This is a gross waste of state funds and a reflection of his inability to understand the transportation needs of our state.

"The governor may have travelled the state during his campaign, but he obviously has not counted cars in his own back yard. As a resident of Lake County, he should be as aware as anyone of the critical need for modern highways to upgrade safety and convenience for both public and commercial traffic.

"He opposes construction of the Crosstown Expressway for Chicago because it would uproot houses and people living in a densely populated area. What better argument for building the Corridor 201 Expressway -- we can build the highway before the area becomes wall-to-wall houses.

"We will continue to fight for legislative approval of our bill to have the Corridor 201 Expressway constructed. We believe it has the support of the vast majority of Lake and McHenry county residents, and would help to solve a number of existing economic, social and public safety problems."

LIFE UNDERWRITERS TO MEET

The Monthly Luncheon Meeting of the Lake County Life Underwriters will be held Friday noon, May 18th, at the Holiday Inn on Grand Avenue in Gurnee, Illinois.

The guest speaker for this meeting is one of Lake County's own outstanding Life Underwriters, Joseph L. Tomei. Mr. Tomei, a member of the Board of Directors of the Lake County Life Underwriters, will speak about his insurance operation and how he has been able to produce two million dollars each year for the past five years.

A Special Agent with the Prudential Insurance Company, Joe lives with his wife Donna and four sons in Gurnee where he is quite active in the community. He is the secretary of the Gurnee Plan Commission, speaker for the Oak Plain Council of the Boy Scouts plus being a fund-raiser for the Boy Scouts as well as a worker for the United Fund of north Lake County. These are only some of his community roles.

Joe started in the insurance business with The Prudential as a part-time agent in 1957 while attending the University of

Illinois at Champaign. When he graduated from the University of Illinois with a B.S. in Marketing and Engineering in 1959, he joined the Prudential's North Shore Agency in Skokie as a full-time Special Agent.

He is not only a two-million dollar producer each year, but a qualified member of the Million Dollar Round Table and an authority on group and business insurance. Joe's talk will show the underwriter how he can operate at a two-million dollar pace, including sales tips and his own operating procedure.

Jim Walsh, President of the Lake County Life Underwriters, said he thinks this is a talk all underwriters will be interested in since Joe is one of our own, has an outstanding insurance sales record and is greatly respected by his colleagues in insurance industry in Lake County. Mr. Walsh is Manager of the Metropolitan Life Insurance Agency in Waukegan and a resident of Antioch, Illinois.

Mr. Walsh encourages all Life Underwriters within the County to attend this meeting and to bring a colleague with them.

VOCATIONAL STUDY REPORT

When the Vocational Study finally materialized last year, the Antioch High School, regrettably, was not able to participate due to financial reasons. However, when the referendum passed in December, the High School then elected to join the study.

The study, which is designed to determine the need for a secondary area Vocational Center for Lake County, is now gaining momentum. More than 4,000 businesses and industries in Lake County are being requested to respond to a survey of their employment needs for skilled and semi-skilled professional workers.

The survey is being conducted jointly by the Area Center and the College of Lake County. The response thus far, strongly supports the need for vocational training at the secondary level and advanced training at the

post-secondary level.

Concurrent with assessing the employment needs, 16,000 sophomore and junior high school students in Lake County, including students from the Antioch High School, have recently completed a survey to determine their occupational interests.

The results of the two surveys will be available this month. At that time the Board of Control, the Citizen's General Advisory Committee and the Educator Advisory Committee will closely analyze the survey results, which will aid them in selecting vocational programs for the Area Center.

The 1970 Census Data, the Illinois Employment Service manpower trends and data from the Northeastern Illinois Planning Commission will also be used in helping to determine the types of vocational programs.

CLC OFFERS COURSE IN BASIC PROGRAMMING FOR BUSINESS

The electronic computer age is here to stay. Everyone is affected by the computer to some extent. This is particularly true of those individuals working in the general areas of accounting or management.

Accordingly, the College of Lake County is offering a course in basic programming for business. The course is designed specifically for those individuals with no background in data processing. Students will learn general data processing terminology and techniques. In

addition, they write, compile, and test approximately four computer programs. Cobol, a popular programming language will be the language used in the course.

The purpose of the course is not to produce programmers, but rather to initially acquaint the student with the computer and to provide an understanding of data processing as it relates to business.

Interested individuals may contact CLC business instructor Ron Schoneberg, at the College, at 223-8193, extension 66.

Library retains financial reference material

Finance is something that everybody is interested in these days and the Antioch Township Library is endeavoring to keep up with Financial reference materials. They have had on loan the past month several sets of Standard and Poor's editions of various types of financial needs and procedures. There has been good response on the books and thus the Library plans to retain the books for awhile longer.

The new editions include:

The Outlook. One of America's most respected and most widely circulated investment advisory services. Comes out weekly giving investment policy and comment on the merits of a wide range of securities. Has Master List of stocks recommended for capital gain and income.

Bond Outlook. Weekly bond Outlook summary of developments with recommendations.

Facts and Forecasts: Fast daily service on stocks and market action.

Standard and Poor's Corporation Records, which is a basic reference library of factual financial information on well over 6,000 corporations, with

comprehensively detailed descriptions of background, financial structure securities, alphabetically arranged in six loose leaf volumes.

Industry Surveys, which is a service that provides a continuous economic and investment analysis of 38 leading industries, plus a summary of Canadian Industries.

American Exchange Stock Reports is a service providing individual reports on all stocks listed on the American Exchange.

Unlisted Stock Reports (over the Counter and Regional Exchanges) includes over 1,200 individual two-page stock reports covering issues traded over the counter and on regional exchanges.

The Standard New York Stock Exchange Reports, which consist of 1,400 two-page reports on all companies listed on the New York Stock Exchange, covering some 1,800 issues.

For some time now the library has also had the Standard and Poors Register of Corporation Directors and Executives, which is the leading national directory of executive personnel and lists 260,000 company officials.

With a Stern Eye

Even the most casual observer of County Board antics must come to the conclusion that something mighty peculiar is going on with regard to the proposed investigation of the Lakehurst annexation by the City of Waukegan. In fact, to a Democrat of low degree, made paranoid by recent events in Washington, the whole flimflam about the Quo Warranto suit is taking on a sinister cast. Why are so many people working so hard to prevent so little?

On Tuesday, May 1st—Law Day, ironically enough—the County Board met in special extraordinary session to hire a Special Assistant State's Attorney, Howard Slater by name, to file the quo warranto suit which State's Attorney Jack Hoogasian has refused to file.

To draw the controversy in broad brush: The City of Waukegan annexed the property on which the Lakehurst shopping center was developed by annexing a corridor across Route 41 first. Waukegan has enjoyed the benefits of sales tax, motor fuel tax and etc. from the Shopping Center ever since.

Now then, just west of Lakehurst lies another vast expanse of unincorporated lands, owned by the Pritzker family. Apparently the Pritzkers are planning a high density development—at least high density is the phrase used by Mike Graham who opposes the whole project. "Thirty five to forty people an acre," says Graham, "with no obligation to talk to the five school boards involved—that is if Waukegan can get away with the annexation."

Examine that a moment: Waukegan has annexed across a thread of Route 41 to reach the Lakehurst development; from there they plan to move westward and absorb the Pritzker lands. No question it has been profitable for them to do so; they will more than recoup the investment in improvements made on behalf of the Lakehurst developers. Waukegan is getting what it wants—the Lakehurst developers are getting what they want—and annexation by Waukegan would give the Pritzkers what they want. So who's unhappy?

Apparently most of Libertyville Township and a bare majority on the County Board—to name a few. They maintain

that the original annexation across Route 41 is invalid; they cite an Appellate Court decision of April 1972 which upheld an earlier annexation of that piece of Route 41 by the City of North Chicago. If the annexation of that finger of land—the throat to the west—is knocked down by a court, the entire project must tumble. Note that Howard Slater, proposed Special Assistant State's Attorney was formerly Attorney for the City of North Chicago.

The Lakehurst land still belongs to the County, says Graham, likewise the tax monies. And if you accept that premise, the Pritzker land is not accessible to Waukegan—there is no land link. A lot is at stake, for Waukegan and for the Graham scrappers.

Each time that the County Board has made an effort to re-examine the annexations—on one occasion by asking Hoogasian to file a Quo Warranto suit (by what right)—some bizarre obstacle has present itself. The legal maneuvering on the County Board itself has been pretty flashy. Besides the local newspaper, which from the outset has been hostile toward any effort to adjudicate the earlier annexations, the Board has had to deal with the outright refusal of the State's Attorney to file the appropriate papers. To give him his due, Mr. Hoogasian maintains that he has examined the situation and finds no flaws to attack; the annexations were perfectly legal, says the State's Attorney, in the teeth of that Appellate Court decision upholding a quite different legal premise.

The hassle has continued over a period of months. The Board would make a request of the State's Attorney and the S.A. would, after a protracted period, refuse to comply. Or he would comply minimally. The editorials in the Waukegan press have often been bitter personal attacks on Graham and his allies. The City of Waukegan sat warily by, watching, waiting and, presumably exerting pressures. Graham's militants conferred with the court as to the proper procedures for hiring a special Prosecutor to lift up the legal rug and examine the refuse beneath. They attempted to follow his instructions on May 1st and have run into a panzer tank.

As soon as the meeting was over, at which Slater was hired by a vote of 13-12, the County Clerk was served with a brand-new lawsuit (it's a dull day in the Clerk's office that we aren't sued for SOMETHING!). Jack Hoogasian, State's Attorney, is suing the County Board, AND the County, because in essence they are employing someone to do his statutory job. His suit maintains that the law has designated him, and him alone to be legal counsel and any other legal eagle would be a usurper.

Fair enough. Let the courts decide this current roadblock on the way to Lakehurst. But who will defend the County Board

LEGAL

LEGAL NOTICE

Notice is hereby given that the Stockholders of the State Bank of Antioch, Illinois, have adopted and passed changes as stated in the following resolution.

Resolved that the charter of the bank be amended by increasing the Capital Stock of the bank from \$280,000.00 consisting of 28000 shares at \$10.00 par to \$620,000.00 consisting of 62000 shares at \$10.00 par.

Further resolve that to provide and make payment for such increase in the Capital Stock the Board of Directors are authorized and directed:

(a) To transfer \$280,000.00 from the "Undivided Profits Account" to the "Capital Account".

(b) To declare a stock dividend of \$280,000.00 par value of Capital Stock (being an aggregate of 28000 shares) now outstanding, such dividend being a 100 percent stock dividend.

(c) Set distribution date for stock dividend on March 1, 1973 and on the distribution date so fixed to cause the certificate evidencing such stock dividend to be issued and distributed pro rata to stockholders of record on January 9, 1973.

(d) To offer 6000 shares of Capital Stock at \$10.00 par to all stockholders of record on January 9, 1973 on the basis of one share for each ten shares now held by each Stockholder after the Stock Dividend. These shares to be sold at a price of \$35.00 per share for a total of \$210,000.00, of this amount \$60,000.00 shall be retained in the "Capital Stock Account" and \$150,000.00 shall be transferred to the "Undivided Profits Account". No fractional shares to be issued, any fractional shares to be pooled and sold at the discretion of the Board of Directors.

The above action was taken at a regular Stockholders Meeting held at the State Bank Building at 440 Lake Street, Antioch, Illinois on January 10, 1973 and I certify that the above action was taken and was in accordance with the "Illinois Banking Act" approved May 11, 1955 in force January 1, 1957 as amended by the General Assembly of the State of Illinois.

AND the County of Lake against our offended State's Attorney. The Public Defender?

ILLINOIS HOUSE CREATES ENERGY CRISIS INVESTIGATING COMMITTEE

The Illinois House of Representatives today adopted by a vote of 144-0, a resolution (H.R. 106) introduced by Rep. Daniel M. Pierce to create an Energy Crisis Investigating Committee. Pierce is expected to be named chairman of the committee, which will be made up of 7 representatives. The purpose of the special committee will be to investigate the shortages of gasoline, electric power, natural gas, and fuel oil in the State of Illinois.

Pierce said the first order of business of the investigating committee will be to determine whether the major oil companies are engaging in discrimination against independent gas stations in the allocation of gasoline supplies. Several independent gas stations have already been forced to close and many other stations are threatened with closing because of the preference of the major oil companies towards their own branded gas stations over independents.

Pierce said the committee will be on the lookout for possible anti-trust violations by the major oil companies.

Other subjects for investigation by the committee are

encouraging the use of Illinois coal to meet the current power shortage. The special committee will determine whether air pollution regulations can be accommodated to the current energy crisis. Removal of sulphur emission by electric generating plants could make Illinois coal available, where presently coal from western states must be imported to meet the state's sulphur emission regulations.

It will be the objective of the House committee, according to Rep. Pierce, to make sure that Illinois farmers receive sufficient fuel supplies. Many farms, because of their remote locations, are on the end of oil company delivery routes and therefore will be the hardest hit by fuel shortages this summer unless action is taken by the State.

The first witness to be called by the committee is expected to be Illinois Commerce Commission Chairman Marvin Lieberman, a former Illinois House member. Pierce states that he hopes that Chairman Lieberman would have "suggestions as to reconciling the conflict between environmental protection and energy production and conservation."

VALE THEATRE TO REOPEN

After a hiatus of two years, the Vale Theatre, at the Old Tralee Farm on Route 25, Barrington Hills, will reopen this summer. In previous years, this quaint, little theatre, carved out of a barn on the Tralee Farm, and loaded with country charm, served up a menu of light, "live-on stage" summertime entertainment.

J.J. Butler, who designed the original Vale Theatre and produced shows there for three years, has been contracted to restore the theatre and reopen its doors to summer stock productions, which proved so popular in the past.

In addition to the theatre, the entire Tralee Farm, including the restaurant, is undergoing a face lifting and restoration to feature the natural beauty of the original colonial farm, complete with pens stocked with farm animals.

The restaurant is currently in

operation under new management, and the theatre is expected to reopen in late May or early June.

For information, phone the box office at 312-428-8338 or the restaurant at 312-428-4447 in write, Vale Theatre, P.O. Box 302, Capentersville.

"TORK" TALKS

by: Tork Torkelson

ANTI-POLLUTION DEVICES IN 1973 FORDS

The anti-pollution devices built into all 1973 Ford Motor Company cars include:

Improved Combustion System (IMCO)—Standard equipment on Ford Motor Company passenger car engines sold in the U.S. and Canada since 1968; and improved in 1970, 1972, and again in 1973 model years. This system controls exhaust emissions of unburned hydrocarbons and carbon monoxide by more complete combustion within the engine.

Exhaust Gas Recirculation (EGR)—To reduce the level of oxides of nitrogen in engine exhaust to below the federal standard, the Exhaust Gas Recirculation System has been incorporated on most of our vehicles for 1973. The exhaust gas dilutes the incoming fuel-air mixture, which lowers the incoming temperature during combustion, thus limiting the formation of nitrogen oxides.

CAT VACATIONS

Taking your cat along on your vacation can be enjoyable...or exasperating. How it turns out depends largely on you and the advance preparations you've made.

A carrier is a necessity for cat travel. Carriers are readily available in pet shops, but it would be a good idea to consult with your veterinarian before deciding which one to buy.

Once you decide on a carrier, your next step is to get your cat accustomed to it well before the travel day arrives. Let your cat sleep in the carrier if he likes.

Also get your cat used to being carried around in his container, first in the house, then around the block, and finally in the car.

If your cat isn't used to traveling, the car may present a problem. Follow a pattern similar to the carrier before taking your cat on an extended auto trip.

As a first step, you can park your car in the driveway with its doors open. Then lead your cat up to the car and encourage him to jump in. Let him sniff around on the floor or sit beside you on the seat. If this goes well, repeat the procedure next day and this time start the engine. Next, take your cat for a short ride, and then a longer one.

Whatever the length of your auto trip, you should find the following tips useful:

Be certain your car windows down far enough to ventilate, but not enough to permit escape.

If your cat is traveling in a carrier, be certain it's tightly fastened.

If you must leave your cat in a parked car -- it's a better idea not to -- park in a shady spot, secure the carrier, check your windows for proper ventilation and hurry back as soon as possible.

If you are traveling by train, arrangements are usually easy. Cats are welcome, provided they are in carriers. In some cases you can keep your cat with you. But you may be required to keep it in the baggage car. Make sure to call the railroad in advance to confirm arrangements.

Air travel is normally easy for cats; most of them are not bothered by either motion or altitude. Be sure to contact the airline in advance of your trip and let them know your cat is coming along.

When stopping at a hotel or motel, the carrier is an invaluable sleeping place. If you plan to stay at a hotel, be sure you call in advance to make sure they will accept your cat.

Motels are generally more lenient. It's usually fairly easy to find a motel which accepts cats without a prior reservation.

Whatever the mode of travel,

it is a good idea to bring along a recent health certificate and proof of enteritis and rabies vaccinations.

If you find that your pet is uneasy about travel, you may want to give him a tranquilizer. But do so only on the recommendation of your veterinarian.

Bon voyage!

BLOOD BANK REGULATION

HEW's Food and Drug Administration has established regulations for uniform nationwide registration, inspection, and licensing of up to 5,000 blood collection facilities, and about 200 centers which collect and process blood plasma. All community blood banks, hospitals, clinics, etc. which handle whole blood or plasma will be registered annually and will be inspected by FDA every year.

The new regulations are primarily intended to protect patients from the hazard of getting blood from unhealthy donors.

Three-hundred and eleven students will be featured in the fourth annual commencement exercises of the College of Lake County. The ceremony is scheduled for Friday evening, May 18, at 8 p.m. in the auditorium of West Campus, Waukegan High School.

Two-hundred and eighty-five Associate Degrees--88 Associate of Arts degrees, 80 Associate of Science degrees, and 117 Associate of Applied Science degrees--will be awarded. Certificates will be awarded to 26 students who have completed one-year career programs.

Also to be recognized are 23 candidates for graduation in associate degree programs, 18 candidates for certificates in dental assisting and 29 candidates in practical nursing. These candidates will complete their program requirements at the end of the 1973 summer session.

The commencement program will include special music by the combined CLC Singers and Community Choir; a com-

mencement address by the Honorable Adlai E. Stevenson III, U.S. Senator from Illinois; remarks by Michael Peterman, CLC Student Senate president; and the presentation and conferring of degrees by Dr. Richard Erzen, President of the College, and Thelma Sandee, Chairman of the Board of Trustees.

The public is invited to attend the ceremony.

The students graduating from this area are: ASSOCIATE OF ARTS: Steven M. Dziki, Lake Villa; Dawn E. Ellis, Antioch; Doris J. Erwin, Lindenhurst; Gloria Grant, Antioch; Lucinda A. Hahn, Antioch; Thomas S. Lasco, Antioch; Desmond F. Norton, Lindenhurst; Lynne M. Nowak, Antioch; Carole L. Roy, Lindenhurst; Richard A. Schneider, Lake Villa; Rachel Stenzel, Lake Villa; Christina Jamieson-Szuberla, Antioch; Margaret L. Wold, Lake Villa; Georgette M. Banwart, Antioch; Gerald Patrick Callaghan, Lindenhurst; Michael E. Dvorak, Lake Villa; ASSOCIATE OF SCIENCE:

Georgette M. Banwart, Antioch; Gerald Patrick Callaghan, Lindenhurst; Michael E. Dvorak, Lake Villa; Joseph Fosco, Lake Villa; Emric F. Roll, Lake Villa; Robert W. Thinnies, Antioch; Thomas M. Thompson, Antioch.

ASSOCIATE OF APPLIED SCIENCE: James E. DeWaters, Lake Villa; Joanne M. Lavelle, Lindenhurst; George R. Seger, Lindenhurst; John A. Spiegler, Lindenhurst; Alexander N. Pirie, Lake Villa; Raymond M. Peterson, Antioch; Thomas M. Gilliland, Lindenhurst; Thomas E. Griffin, Lindenhurst; Barbara J. Geiger, Antioch; Juliette J. McCann, Lake Villa; Donna M. Sokup, Lindenhurst.

CERTIFICATES: James L. Dierzen, Antioch; Steven A. Karr, Lake Villa; and Alexander N. Pirie, Lake Villa.

ASSOCIATE OF SCIENCE DEGREE: Jacqueline R. Dungan, Lake Villa. DENTAL ASSISTING: Laura Lee Lyons, Lake Villa; and Mary J. Wedge, Lake Villa.

THINGS YOU MAY NOT KNOW ABOUT CONSERVING ELECTRICITY.

How an attic fan can take some of the load off your air conditioning.

If you've ever been up in your attic on a summer day, you know how hot it gets. All that heat up there is what makes it so tough to cool the downstairs—even with air conditioning.

Well, here's a hint: install an attic fan. An attic fan—whether it's at a window, gable vent or through the wall or roof—will pull that hot, dead air out of your attic. In fact, it can reduce your attic temperature by as much as 35 degrees.

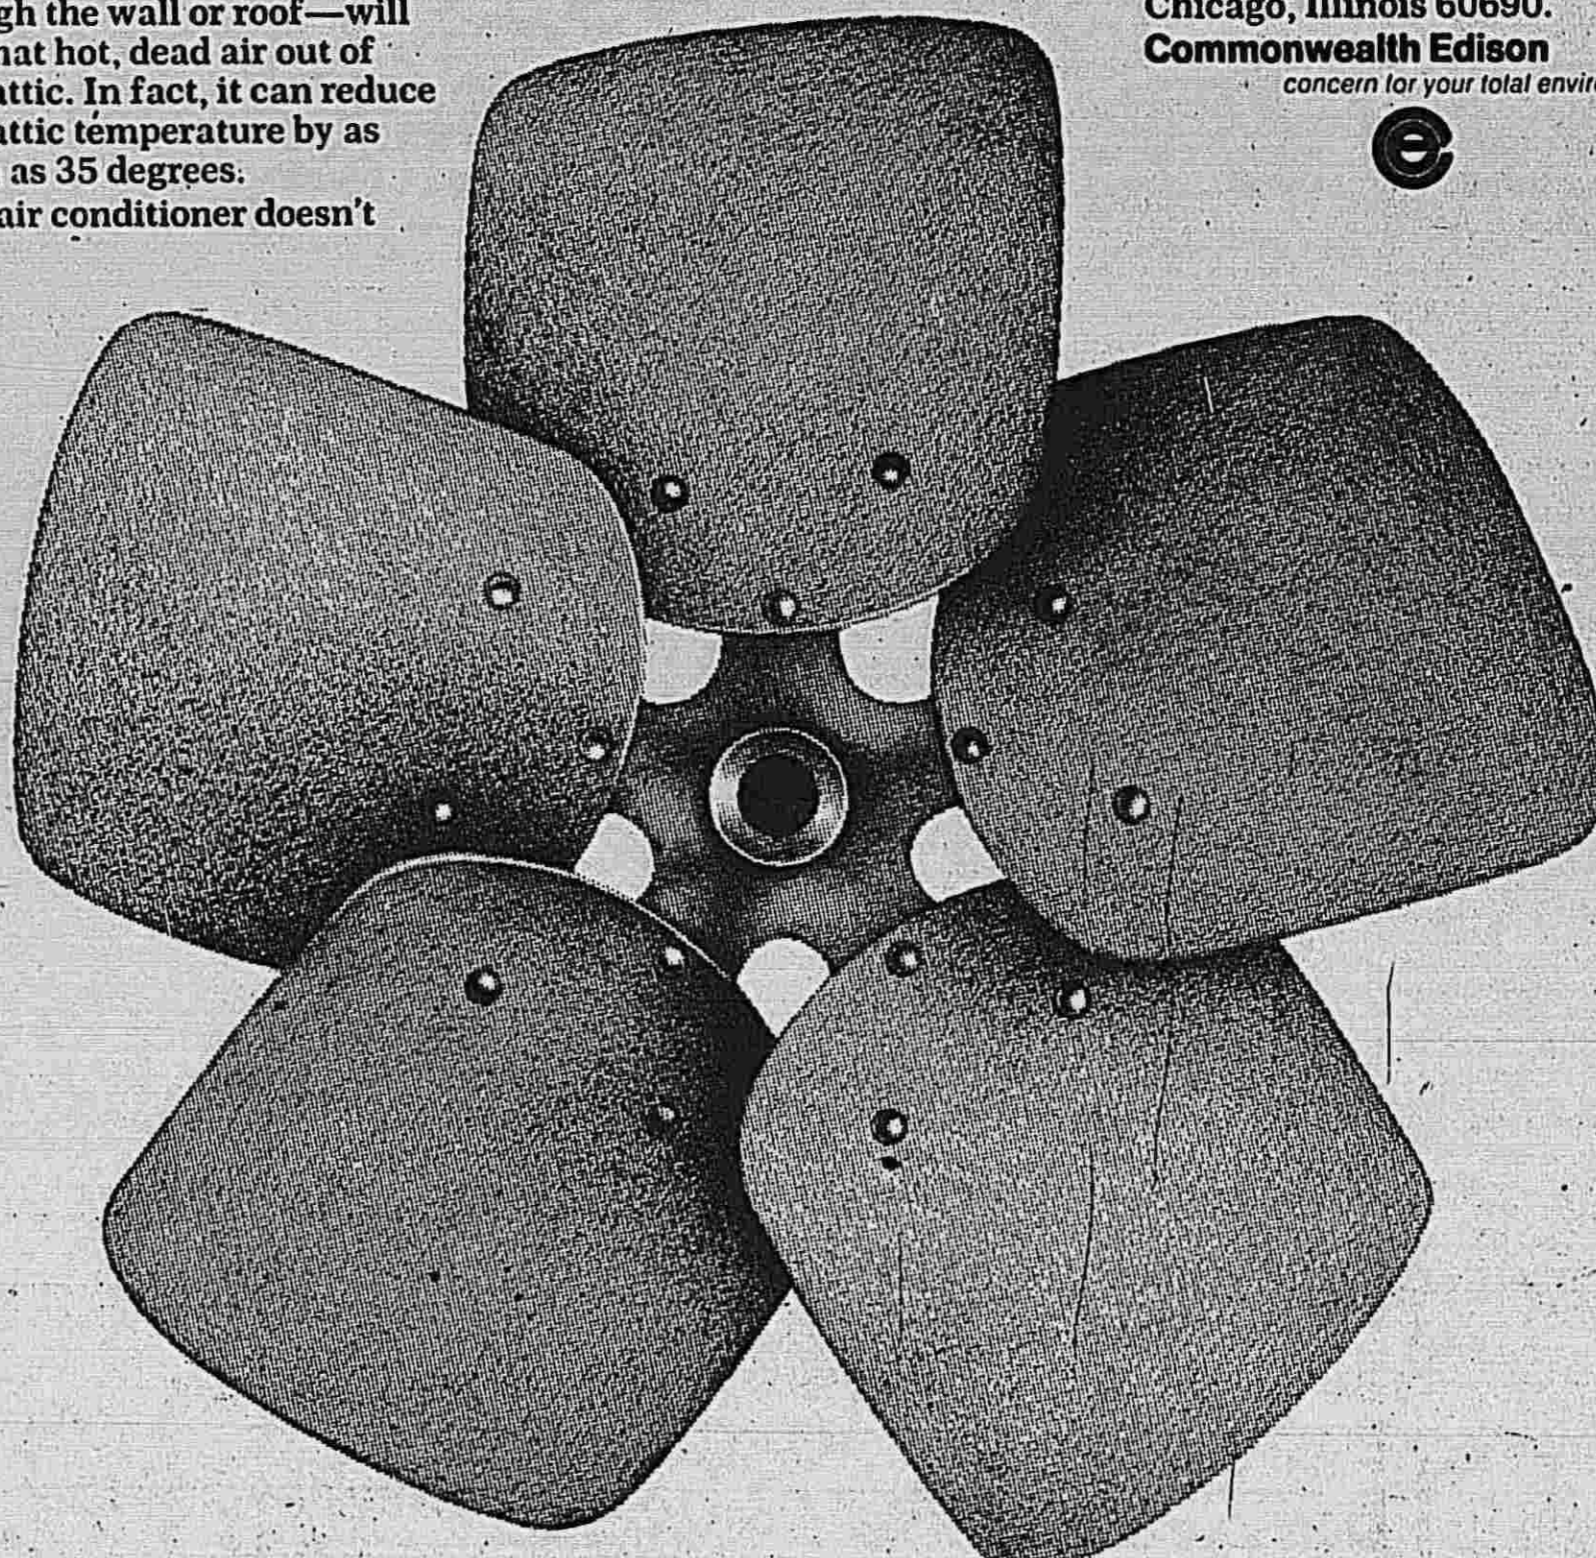

Your air conditioner doesn't

have to work nearly as hard when it isn't fighting a hot attic. It doesn't switch on as often or run as long. You're just as comfortable, yet you're saving money. With an attic fan, you can also reduce the amount of air conditioning equipment you need.

Contact your heating or air conditioning contractor for the attic fan installation that's best for your home. This hint is included in our booklet "101 Ways to Conserve Electricity at Home." For your free copy, write Commonwealth Edison, Department AV, P.O. Box 767, Chicago, Illinois 60690.

BROADCAST MARINE INFORMATION SERVICE

The U.S. Coast Guard and many commercial broadcast stations throughout the Great Lakes are cooperating this coming boating season in a program designated as Marine Information Service Broadcasting. The program as tentatively tried in a few locations last season met with such high approval from many boaters that its continuation and expansion this season should be even more beneficial.

The radio stations participating in this public service endeavor will be obtaining from the nearby Coast Guard Station at frequent intervals the state of the weather at the Coast Guard Station plus other significant Notice to Mariners or Safe Boating Tips. This information will then be broadcasted. The number of radio stations participating, the number of broadcasts per day and the annual commencement and termination dates for the program in a particular area will be dictated by the needs of the public and the time available at the radio stations. The actual times of broadcasts must be determined locally by the boater.

The Marine Information Service Broadcast plus the National Weather Service continuous VHF-FM weather broadcasting should significantly increase the possibility of safe boating on the Great Lakes. The National Weather Service now has continuous weather information FM broadcasts originating from Buffalo, Erie, Cleveland, Sandusky, Detroit, Chicago and Milwaukee on either 162.40 MHz or 162.55 MHz.

All the information available directly from the local Coast

NOSCO INC. INTRODUCES TWO NEW DIRECTORS

F. W. Fales, Chairman of the Board, Nosco, Inc., announced the election of two new directors to the board at its annual meeting held in the corporate offices at 651 S. Utica Street, Waukegan, Illinois on April 13, 1973. They are Mr. George Fornero of Waukegan, Illinois and Mr. Albert R. Wayne of Bradenton, Florida.

Mr. George Fornero joined Nosco, Inc. January 1, 1969 as assistant to the president, which title he still holds. He has lived in Waukegan with his family for twenty-seven years. He has attended the University of Illinois and Indiana University. He is now completing studies for his Master of Science in Management degree at the Advanced Management Institute, Lake Forest College. He has held several management positions in Xerox and Celotex Corporations, and as business manager for the American Institute of Baking. He is a past president of the Administrative Management Society and currently a member of its board of directors. He is also a past president of the City Club in Waukegan and a former

member of the advisory council of Barat College, Lake Forest, Illinois.

Mr. Albert R. Wayne is currently an individual management consultant and is also a member of the boards of directors of the Wesley-Jessen Company of Chicago, Illinois and of Macro Systems, Inc., of Washington, D.C.

He was a member of the board of directors of Abbott Laboratories for eight years until 1971, during which time he was president of Abbott Laboratories International and executive vice president of Abbotts. Prior to that he had been president of Mead Johnson International and on their board of directors for five years. He also served as president of the Stanley Corporation for six years, management consultant with Booz, Allen and Hamilton and was vice president of Air Reduction Company for fifteen years.

Other board members re-elected at the meeting included F. W. Fales, Dr. K. L. Morris, A. G. Heathcote, James Ferry, Jr., and L. A. Morris, Jr.

Butterscotch Breakfast Rolls

What better way to begin a leisurely Sunday morning breakfast or even a brunch than by serving deliciously warm homemade butterscotch breakfast rolls.

Here is the recipe as developed in the Nestlé Test Kitchens.

Butterscotch Breakfast Rolls

- 1/2 cup butter
- 2 10-oz. pkgs. refrigerated crescent dinner rolls
- 1 6-oz. pkg. (1 cup) Nestlé's Butterscotch Morsels
- 1 cup chopped pecans
- 1 cup sugar
- 1 tablespoon lemon juice
- 1 tablespoon water
- 2 teaspoons cinnamon

Preheat oven to 375°F. Using 2 tablespoons butter, heavily grease the bottom and sides of an 11" x 7" x 1 1/2" cake pan. Unroll refrigerated dinner rolls and separate into 16 triangles. Roll up each triangle, starting at shortest side of triangle and roll to opposite point. Arrange rolls evenly in buttered cake pan. Bake at 375°F. Time: about 20 minutes or until light brown. In small saucepan combine Nestlé's Butterscotch Morsels and remaining butter and cook over low heat until morsels melt. Stir in pecans, sugar, lemon juice, water and cinnamon. Remove from heat. Pour over hot rolls and return to oven for about 5 minutes or until bubbly. Loosen rolls from sides of pan with a knife while still warm to prevent sticking. Let cool about 10 minutes before serving. Makes 16 buns.

MCDONALD WINS FEATURE AT WAUKEGAN SPEEDWAY

Bill McDonald of Crystal Lake scored his first career feature win Saturday night at the Waukegan Speedway as he guided his 1965 Chevelle to the front and held it there despite rain and oil on the paved track.

George Dukas of Zion collected second place money and took over the point lead after former leader Chuck Clark was knocked out of competition following a heat race collision. Joe Torri of Lake Villa finished third for the second week in a row, followed by Joe Horn of Lake Bluff and J.P. Gatti, Jr., of Wheeling.

Gatti, winner of the second heat race, had to qualify for the main event through the consolation race as light showers wiped out the time trial runs and delayed the start of racing one hour. The events were lined up according to point standings.

Lurl McAnally of Kenosha won the consolation, but the top two cars qualified for the main. and Gatti was running second when he spun on a wet spot in the track with just a quarter lap left. Quick-thinking on Gatti's part still put him in the feature as he jammed the car in reverse and backed across the finish line just ahead of the third-place finisher.

A first lap tangle in the feature eliminated four cars and McDonald then took the lead on the restart. Joe Francisco of Island Lake gained second spot in the fifth lap when Dave Horst of Gurnee spun on the front straightaway.

McDonald lost a commanding quarter-lap lead after Gene Pennington scattered his engine spectacularly down the home stretch and brought out the only other red flag of the race. While clean-up crews worked quickly, sprinkles started again threatening the completion of the race; however the race was restarted with Francisco dropping out in the 19th lap. The

sprinkles became heavier in the final five laps and McDonald received the checkered at a much reduced pace.

Dennis Topcik of Waukegan became the first double sportsman winner of the year as he claimed the fast heat in a wild finish that saw four leaders closely bunched in the final laps. Later Topcik turned his car over to Abel Avila of Wauconda after Avila was involved in a first lap spill. Avila finished 6th in the main event.

Next weekend the Speedway will race with the late model 'sportsman' cars on Saturday night and the late model 'super stock' cars on Sunday night. Time trials start at 7:15 with the first race at 8 p.m.

Super Stock Season Begins May 13

The official return of the late model 'super stock' class to the Waukegan Speedway suffered a one week delay as intermittent showers hit the Speedway after an hour of practice time.

The 'super stocks' will now start their Waukegan Season Sunday night May 13 with a 30-lap feature scheduled. The hobby stocks will also compete and there will be a powder puff derby.

Even Sunday's practice session was full of sprinkles, after the Speedway squeezed the Saturday night 'sportsman' program in between showers. Before the heavier rains hit, Dave Evans of Crystal Lake, Dennis Johnson of Arlington Heights and Bob Anzinger of McHenry seemed to be the top runners.

Then just as Lockport's Lee Schuler arrived, so did the rains and the entire program was pushed back one week. Time trials both nights will start at 7:15 with the first race at 8 p.m. sharp.

BASKETBALL CAMP REGISTRATION STILL OPEN

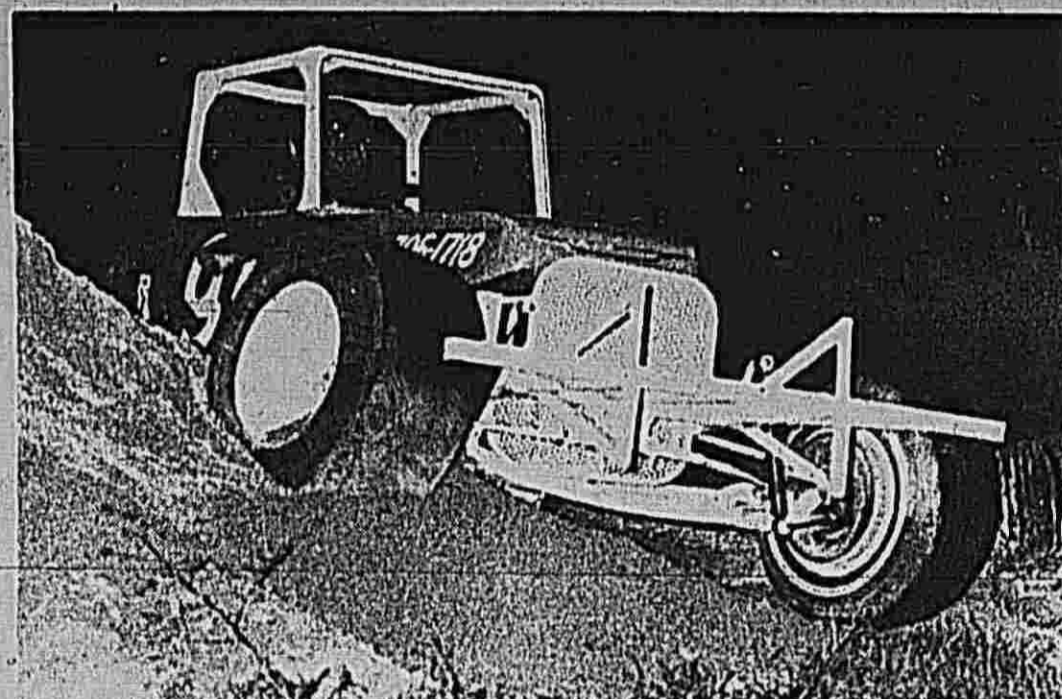

Registrations are still being accepted for the Basketball Camp to be held on the campus of North Park College in Chicago. Viking athletic director and head basketball coach Dan McCarrell has two one-week sessions planned for the beginning of July. Boys entering grades six through eight should register for the first week, July 1-7. Those entering grades nine through eleven should register for the second week, July 8-14. Cost for each week is \$80.00.

Boys will live on the North Park College campus for the week in a dormitory with 24-hour a day supervision. McCarrell is planning plenty of other activities for the boys, including a trip to a major league baseball game.

Parents interested in obtaining more information or a registration form should phone or write the college: Area Code (312) 583-2700, Ext. 323, or write North Park College, Box 2, 5125 N. Spaulding Avenue, Chicago, Illinois 60625.

For the first time in its six years of sanctioned auto racing, the Interstates Racing Association will not be opening its season of super modified stock car racing at its home Saturday night track at Wilmet, Wis.

Carmen Menzardo, Antioch driver of the IRA Super-modifieds, hopes it will all be down-hill rather than up hill racing as shown here, when he races this Friday night at the Santa Fe Speedway in Willow Springs, Illinois. Menzardo wound up on a sand pile protecting light poles at the Lake Geneva Raceway recently during early season racing there on Saturday nights. The Friday date at Santa Fe will be the first Official Season racing for the IRA Super modifieds who are still waiting for the completion of the Kenosha County Speedway track in Wilmet.

RAIN HALTS FEATURES AT LAKE GENEVA

It was a little racing and a lot of raining at the Lake Geneva Raceway Saturday night with the rain wining out and blanking the feature race competition.

Rain fell during the warm up and practice period and then increased to delay the start of the time trials for about an hour. The cars then took over as the rain slackened and dried out the raceway making it possible for the time trials to get under way.

Jim Moulis, Antioch, topped all the drivers pushing his super-modified around the asphalt oval in a time of just 17.20 seconds. This just beat the time of 17.22 seconds turned earlier by Roger Otto, Burlington. The honor for Moulis was well deserved considering he is just in his second year of super modified racing.

Fast time in the Sportsman stock cars was won by Bob Delaney, Lake Geneva who turned a 19.87 second lap in his Ford. The first heat of Sportsman stock cars was won by Baron Balas, Janesville with Illinois driver Paul Brown, Wauconda taking second.

George Weyroach, Lake Geneva came back for the Ford fans in the next heat and won over Bart Reinin, Lake Mills and Andy Anderson, Richmond. Anderson drove a Dodge Charger and it was another

Instead, the open wheel super modifieds will start the Official 1973 season this Friday May 11 at the Santa Fe Speedway in Willow Springs, Ill.

Completion of the new track at Wilmet has been delayed due to the heavy spring rains. However, the postponed opening at Wilmet will no doubt increase the number of cars and drivers at the Santa Fe Speedway and the date could

Dodge Charger that figured in the next heat and was driven by Gil Shilts, Delevan. However, this one wasn't around up front at the end as the winner was John Baumiester, Burlington followed by Jerry Straube, Waterford and Lee Tibbets, Hebron.

Jr. Sportsman stock car heats were won by Don Carlson, Rockford and Dave Ingersoll, Delevan.

Rain started again as the super modifieds came out for their heat and after a spin by Darrel Dodd that brought out the first red flag and another Aaron Solsrud, Menomonee Falls, leader on the restart, spun, bringing out the red flag and an end to this heat with Solsrud being declared the winner and Jr. Dodd, second and Jim Cameron, Kenosha third.

Then it was more rain followed by another period in which cars again dried-off the track. A P.J. Stock car race was attempted but before it could be concluded more rain came and the event was cancelled just after Steve Kelly, Crystal Lake crashed into the concret wall in the middle of the front straightaway. More rain ended all attempts to continue and so, the undefeated string held by Roger Otto at the Lake Geneva will meet it's test for the fifth time this Saturday night.

IRA SUPER CIRCUIT OPENS FRIDAY AT SANTA FE SPEEDWAY

draw as many as 40 cars for the program set for the half mile track.

Heading the list of drivers will be Roger Otto, Burlington who will bring in a string of early season feature victories from non-sanctioned events at the Lake Geneva Raceway. While Otto will be favored in his quad-wing super-modified, many fans will be watching the renewal of the rivalry between two-time IRA Champion Johnny Reimer, Caladonia and Whitey Harris, Lake Villa. This year, Harris again will be in the car that Reimer won his last two IRA Championship in while Reimer will be in a brand new car that he expects will win him more than the 15 feature victories of 1972.

Others who were in the top 10 in 1972 that will be at the Santa Fe Speedway Friday include Ron Bergsma, Richmond; Ron Marish, Milwaukee; Denny McKay, Carpentersville; Dick Duston, Greenfield; Dave Bliss, Algonquin and Carl Schultz, Pewaukee. Sixth ranking driver Paul Cameron, Round Lake will be out for probably most of 1973 due to a recent back operation. However, his brother Jim will drive the car at the Santa Fe Speedway Friday.

The super-modifieds use stock block engines but all are fully modified creations using fuel injection; special camshafts and ignition. Tire sizes are unlimited and some will use 18 inch tire widths to get the most of the 600HP developed by the 8000 plus RPM's from the finely tuned engines in the 100MPH competition.

Time trials are at 7:00 p.m. with the first race at 8 p.m. The Santa Fe Speedway is located at 91st and Wolf Road in Willow Springs.

SEQUOITS DEFEAT WARREN 4-3

Antioch finally broke the Warren jinx by rallying in the seventh inning to defeat the Blue Devils 4-3.

Warren drew first blood in the second inning on a walk, an error on the pitcher, Fred Popp, to advance the runner to third, and a well-executed bunt to score him. The Sequoits showed they were competitors not only by bouncing back in the very next inning to overcome the deficit, but also by beating out ground balls for singles.

Four of the seven hits were infield ones, two of them in the third. Ed Weitz led off the third inning with an infield hit, but was forced out at second on a ground ball by Tim Mieure. Fred Popp followed with the other infield hit, advancing Mieure to second. After advancing a base on a passed ball and after Steve Vasquez's walk, Mark Maras singled to right field to score Popp and Mieure.

Warren took the lead in the fifth on a single to score men on second and third.

In the important seventh inning, Tom Pocrnich, pinch hitter for Shayne Schroeder, got to first base on an error by the

second baseman, and advanced to second on a well-placed bunt by Ed Weitz. Tim Mieure followed by reaching first on an error by the shortstop. A wild pitch put Pocrnich at third, and a stolen base put Mieure at second. One out later, Steve Vasquez was up to bat. Pete Gorsline was then put in as relief pitcher in hopes that he would overpower Vasquez and strike him out to end the game. He breezed two fastballs by him to make the count 0-2. Two balls and four fouls later, Vasquez ripped a fast ball into right field for a single, scoring Pocrnich and Mieure. Fred Popp retired the Blue Devils one-two-three in their half of the seventh, giving the Sequoits the victory.

Two major league baseball scouts were at the game to watch Antioch play. I believe the whole team, especially Vasquez, made a good impression on them. After the game, Vasquez commented his game winning single was not only for the team, but also for the scouts.

BURLINGTON ALL-AMERICAN AIR SHOW PREPARATIONS FLYING TO A FINISH

Burlington's All-American Air Show, the only one to be staged in Southeastern Wisconsin and Northern Illinois this season, will be presented to the public on Saturday, June 16 and Sunday, June 17 at the Burlington Municipal Airport.

Burlington has made this a community effort with help from all facets of the area. The community of 8,000 people is located where highways 36, 11, 43 and 83 meet. It is about a dozen miles off the interstate system, 10 miles from Lake Geneva, 35 miles south of Milwaukee and just about 60 miles north of Chicago.

The show, one loaded with headliners, has attracted thousands during its two previous engagements, covering four days in the last two years.

There will be aerobatic, military, antique aircraft, along with the War Birds, helicopters and gliders. Also planned is a jet fly-by as well as other in-

teresting military aircraft.

Gates will open at 10:30 a.m. so the entire family can inspect the many ground displays. The show will commence at 1 p.m. each day.

Headlining the show are Joe C. Hughes piloting a Super Stearman and John Kazian with a unique wing-walking act. Besides walking aerobatics, the two will perform a "wall of fire" act, and a car to plane transfer. The Red Devils Precision Aerobatic team, made up of the World Championship team members of Charlie Hillard, Gene Soucy and Tom Poberezny, will perform individually and as a team in their Pitts Specials.

The event is sponsored jointly by the Experimental Aircraft Association and the Burlington Aviation Association. Advance tickets are \$1.50 for adults and gate admission is \$2.00 for adults and 50c for children, ages 5 to 12. Children under 5 are free.

CENTURY DIVING SCHOOL will offer a course in S.C.U.B.A. at the Lion's Club Pool, Antioch, Illinois on Sunday mornings beginning 6-10-73 through 7-8-73. The time will be 9 a.m. to 12 noon. The class will be limited to 30 applicants on a first come, first serve basis. The price will be \$40. Minimum age is 16. Applications can be picked up at Lakes Area Barber Shop in Antioch \$10 deposit with application, balance due at beginning of course.

For additional information call 395-1431 or 356-5050 after 5 p.m.

WOMAN'S GOLF LEAGUE UNDERWAY

The Antioch Woman's Golf League sponsored by the State Bank of Antioch held its first meeting on May 5 at Lorenz's. Approximately fifty enthusiastic woman golfers attended and discussed plans for the summer.

President Sarah Fields, introduced the new officers who are: Kay Costoff, Vice President, Carol Anderson Secretary and Mary Cunningham Treasurer. Pearl Fowles and Eileen Zannini will be on the Rules Committee.

Carol Anderson and Pearl Fowles discussed and explained the rules and said everyone will be given a copy on June 5.

The League will begin June 5th at 8:30 a.m. at the Antioch Country Club. Everyone is requested to be on time and coffee and rolls will be served.

The Antioch News SPORTS

RIFLES HIRE TWO ASSISTANT COACHES

Two new assistant coaches for the offense have been hired by Robert Franz, head coach of the Lake County Rifles Professional Football Team.

The two are Pat O'Brien, 34, who lives in the Chicago suburb of Bloomingdale, the offensive line coach, and Tom Parsley, 40 of Crystal Lake, the offensive backfield coach.

O'Brien, a salesman for O'Brien-Budd Business Forms, Inc., played his high school football at Fenwick and later attended Loras College in Dubuque.

He played eight seasons of professional football, three for the Elmhurst Travelers, formerly a member of the Central States Football League, and for

five years with the Rockford Rams. O'Brien was an all-league offensive guard for the Rams in the CSFL in 1968, 1969 and 1970.

Parsley, who is principal of Marian Central High School in Woodstock, was head coach there from 1959 to 1967. He also was the head coach for Rockford in 1968 and 1969 when O'Brien was playing for him and was the head coach of the Delevan Red Devils the past two seasons.

Parsley grew up in Crystal Lake and played football at the high school there as did Franz.

The only returning coach from last year's Rifles team is Ken Kratz who will handle the defense which last year was considered to be the best in the league.

ROTARY CLUB SPONSORS PAUL COMAS FOR INTERNATIONAL UNDERSTANDING

On May 3, 1973 the Antioch Rotary Club presented a \$50 award to Andy Pucin, who is a junior at the Antioch High School. Andy will use the money to attend the Conservation Camp at the University of Illinois.

Guest speaker at the May 3rd meeting was Don Morris who talked about financing and installment loans, including the conditions and the mechanics of securing a loan. The Rotary Club wishes to extend their Thanks to Mr. Morris for giving such an interesting and informative speech.

The Club also wishes to announce they will be sponsoring Paul Comas in the Graduate Fellowship Undergraduate Scholarship, that will be given by the Rotary Foundation.

Awards for International Understanding.

The qualifications are very high but Paul has the right credits which give him a very good chance of being chosen. If he wins, he will go to Europe with all his expenses paid. The winner will be announced in September of 1973.

Paul Comas, who is better known as Pablo, is a 1970 graduate of Antioch High School. He attended Northern Illinois University from September, 1970 until January of 1972. After that he joined the extension program which took him to Quito, Ecuador, where he studied at the University of New Mexico until May of 1972. He is now back at Northern Illinois and expects to graduate in June of 1974 with a B.A. degree in Political Science.

Antioch, Illinois 60002
Wednesday, May 9, 1973

Dear neighbor,

Walter Barnas threw a party last week. It lasted all week long, and he had hundreds of guests. In fact, on Tuesday, he invited anyone who came along to come in for coffee and rolls and to look around. He called us specially to come and take pictures of the flowers sent by the First National Bank and Floral Acres. His guided tour was so interesting, that I ended up taking a whole series of pictures.

Mr. Barnas is our postmaster, of course, and he was celebrating National Postal Week, along with postmasters and postal workers throughout the country.

It is remarkable to see the systematized effort that goes into getting our letters to one another. In a sense, the Post Office Department is a large series of sorting operations. When you drop a letter into a mailbox, it is on its way through a chain of operations in a number of postal facilities, passing through many hands and several machines, until the mail carrier places it in the addressee's own mailbox. Some of these operations at the Antioch Post Office are shown below.

(1) When a letter is dropped into a mailbox, it starts on a chain of operations in the Postal Service. After being collected from the box and brought back to the Post Office, (2) it is run through a postmarking machine, as done here by John Liddle. (3) Kathleen Grasser ties all the outgoing mail from Antioch in mail bags and (4) loads them onto a truck which will take this mail to the North Suburban Postal facility. This is done four times

a day. (5) Mail which comes into the post office four times a day is sorted first each morning according to the area of Antioch to which it will be delivered. Jane DeVore and Mary Chase are doing that here. (6) The four city carriers (from left) Wilbur Gerz, Clifford Balcer, Ronald Rock and Frank Schultz, and five rural route carriers gather the mail for their areas and sort it by address. (7) City Carrier Ronald Rock puts mail

into the proper slot according to street address. (8) Wilbur Gerz then ties the mail for his route together into small bundles. (9) The final link in the chain is delivering mail to the individual patron. The two men most responsible for keeping postal services running smoothly in Antioch are (10) Assistant Postmaster Clarence Kufalk and (11) Postmaster Walter Barnas.

The sheer size of the operation makes it surprising that all those individual pieces of mail get through at all. Just in Antioch alone, about 50,000 to 60,000 pieces of mail go through the post office in a single, average day! Most of this mail, together with that from all the other suburbs north of Chicago, is routed through a two-block long building in River Grove, called the North Suburban Sectional Mail Handling Facility. There, they have a \$9-million automatic sorting machine to speed the process.

From mailbox, to local post office, to sectional center, to local post office, to route carrier -- piles and piles of mail are continuously broken down and sorted and re-grouped and broken down again and sorted, over and over -- so that when you mail a letter to me, almost invariably I'll find it in my box the next morning. Just think -- all that effort so that I can start my day off happily!

Sincerely yours,

Phil
